To whom it may concern:—
As you all know, Massachusetts and other New England States were know for their textile and shoe industry.
In 1947 when G.A.T.T was signed, slowly ever so slowly industries left for the southern states; from there, they were moved to Mexico etc.
Having lived through the closing of Chicopee Mfg. — I am now convinced that our politicians sold us out.
Mr. Ross Perot was right about the sucking sound.
As for job creations; there is not one politicians out there — telling the truth.
Only part time work at menial wages.
Products showing the label made in the U.S.A should be made 100% in the U.S.A.

We thank you,
Jane & Michael Bergeron — 24 Summer St Chicopee, Mass. 01020
