Dear Secretary:

Please put me on record as being opposed to the upcoming bill which states that an item which is 56% manufactured in the U.S.A. will carry a "Made in the U.S.A." label. The label would be very misleading.

Thank you.

Sincerely,
Miss Michelle Hartosh

P.S. "Made in the U.S.A." should mean 100% manufactured in the U.S.A.
