

**DECLARATION OF LORETTA KRAUS  
PURSUANT TO 28 U.S.C. § 1746**

I, Loretta Kraus, depose and say as follows:

1. I am an investigator for the Federal Trade Commission's (FTC) office in Cleveland, Ohio, and have been with the FTC for over 20 years. Recently, I was assigned to investigate the practices of Cody Low (Low) and Coulomb Media, Inc. (Coulomb Media), a case that originated in the FTC's office in Chicago. During my investigation of Low and Coulomb Media, and from past FTC investigations, as well as from information culled from public sources, I have learned that Internet advertising often involves affiliate marketing and have become familiar with that practice.

2. In affiliate marketing, a seller of goods or services (typically called the "merchant") uses other firms or individuals (the "affiliates") to market the merchant's goods or services by attracting customers to the merchant's websites. The merchant rewards one or more affiliates for each visitor or customer generated by the affiliate's own marketing efforts. An affiliate is rewarded either directly by the merchant whose product the affiliate advertises, or by a third party with a relationship with the merchant. In most cases, an affiliate is paid a percentage of the product sale that it generates ("cost per sale" or "cost per action"). In other cases, an affiliate is paid based on the number of consumers that the affiliate draws to the merchant's website ("cost per click"). To determine the amount of reward for the affiliate, the merchant or the affiliate network tracks the number of consumers drawn to the merchant's site by the affiliate, the product purchases made by those consumers that can be attributed to the affiliate, or both.

3. Generally, an affiliate tries to attract consumers to a merchant's website to generate product sales. The affiliates can attract consumers to the merchant's website in a

number of different ways, including email marketing or display advertising. Display advertising can take the form of banner advertisements or advertisements listed among search results on popular search engines. In some cases, clicking on an advertisement takes a user directly to a merchant's website. In others, the advertisement links to a website set up by an affiliate, who uses that website to further attract visitors to the merchant's website. The affiliate's websites then will include links to the merchant's website, and sometimes representations about the merchant's products or services. A graphic description of affiliate marketing is attached as Kraus Attachment A. That attachment is a chart showing that a consumer may land on an affiliate's website by first doing a Google search for acai berry, for instance. But again, another way would be for a consumer to click on a banner advertisement appearing on a social networking site such as Facebook or Myspace.

4. For instance, attached as Kraus Attachment B are copies of three website captures that were forwarded to us by our office in Chicago. To determine and preserve the contents of websites, it is our practice at the FTC to enter the name of the website and to save it in a PDF file. I spoke with the lead investigator in Chicago and confirmed that the website captures in Kraus Attachment B were obtained according to the FTC's standard practice. I was further informed that the first page of Kraus Attachment B is a copy of a banner advertisement that appeared on Facebook, and that by clicking on it, one was taken to a website with the domain name new6reports.com. The following eight pages of Kraus Attachment B is a capture of that website, which is clearly stamped at the top with a URL identifying the website address as new6reports.com. (A URL is the stamp appearing at either the top or the bottom of the website that identifies the domain name or website address, in this case, "http://www.new6reports.com/..."). I was further told by our investigator in Chicago that they clicked on one of the links

appearing in the new6reports website and were taken to a website offering to sell a weight loss product, which appears as the final two pages of Kraus Attachment B. In fact, the last two pages do appear to be a merchant website. Further, although it is hard to read, the bottom left of the first page of that website identifies the active ingredient as acai berry. The links on the new6reports website to the merchant site can be identified as they are underlined and appear in blue in the PDF copy.

5. To determine the registrar of a domain name, one can use a publicly available search tool such as Domain Tools and enter the domain name. I have done that for new6reports.com; attached as Kraus Attachment C is a printout showing the results of that search and indicating that the registrar is Name.com, Inc. (Name.com).

6. I have reviewed the McBreen Declaration filed in this matter as PX 2. As I understand Mr. McBreen's testimony, Attachments A and B to that declaration were produced in response to the FTC's CID to Name.com, Inc., which asked for information relating to new6reports.com. According to McBreen's testimony, McBreen Attachment A shows that new6reports.com was registered by Low, with an associated company Coulomb Media. Also according to McBreen's testimony, McBreen Attachment B contains a list of other domain names associated with the same account; *i.e.*, domain names registered by Low that were also provided by Name.com to the FTC. By my count, there are over 120 domains associated with the same account. For the sake of convenience, I block copied the list of domain names into a spreadsheet in order to sort them alphabetically. Attached as Kraus Attachment D is the result of that sort.

7. We in the Cleveland office obtained about 30 web captures from our Chicago office in connection with the investigation of Low and Coulomb Media. Attached as Kraus

Attachment E are copies of 11 of these captures. In each case, I noted that the capture contains an identifying URL with a domain name that appears on the list of domain names associated with Low and Coulomb Media found in McBreen Attachment B. (The URLs can be hard to read on the hard-copy print out, but much easier to read on the PDF version). Also, I note that page one of Kraus Attachment E has the new6reports URL, but it appears different than the website in Kraus Attachment B, indicating that the website was changed since the initial capture.

8. To continue the investigative work done in our Chicago office, I visited many of the same websites that they had already captured and made my own captures. In some cases, however, I was not able to do that as the website was no longer accessible. Attached as Kraus Attachment F are copies of five of the websites I captured. In each case I determined that the identifying URL contains a domain name that appears on the list in McBreen Attachment B as having been registered by Low and Coulomb Media. On April 11, 2011, I went on the site for new6reports.com (Kraus Attach. F-1) and found that it was still running.

9. Reviewing the websites captured and presented here, I noticed that two different images of what appeared to be the same person seemed to be shown as a reporter on several different websites (compare page one of Kraus Attachments E-1 – E6; F-2). Using a publicly available reverse-image search engine website called Tin Eye and found at <http://www.tineye.com>, I entered a URL containing one of the images (this site also allows one to search by uploading a jpg image). The website then searched the internet and returned over 100 results of URLs showing the identical image. A copy of the search results is attached as Kraus Attachment G. Information beside the images appears to identify the person as Melissa Theuriau. Researching Ms. Theuriau on the internet I found information indicating that she is a newscaster on French television. It was then brought to my attention that there is an on-line

article entitled *The face that launched a global ad scam*. That article indicates that Ms. Theuriau's image has been misappropriated numerous times for use in bogus advertising including "Swipe penny auctions, acai berry diets, colon cleansing and slimming teas." That article is attached as Kraus Attachment H, and on March 30, 2011, it could be found at <http://www.stuff.co.nz/technology/digital-living/4138888/>.

10. I also used the Tin Eye website to attempt to locate whether the person identified as Maria on the first page of Kraus Attachment F-1 can be found on the internet. I found that the image appeared 18 times, and she seemed to be identified not as Maria, but as Sofia Vergara. I then performed a Google search on Ms. Vergara and found information indicating that she is a model and an actress who has starred in a number of roles including an ABC television series. I performed a similar process on the image identified as Tiffany Allen on the News9tv website attached as Kraus Attachment F-5. That search showed the image appearing on the News9tv website, which also appears on McBreen Attachment B, as well as other similar-sounding websites that do not appear on McBreen Attachment B, including [www.news4wnr.com](http://www.news4wnr.com), [news6health.net](http://news6health.net), [healthnews4.net](http://healthnews4.net), and [www.news18tv.com](http://www.news18tv.com). A similar search on the two before-and-after images appearing on the first page of Kraus Attachment F-5 also shows those images appearing on several different websites. The results of my Tin Eye research are attached as Kraus Attachment I-1 – I-4

11. I also performed a Google search on one of the purported blogs that begin on page 4 of Kraus Attachment F-1, this one appearing on page 5. Using quotation marks, I entered "I say BRAG AWAY...u have lots to brag about!!! You GO GURL!! HOOT!!" That search returned "about 47" results showing that the exact quote with the same capitalization convention appearing on many different websites. A copy of those results is attached as Kraus Attachment

J.

12. In my duties as an FTC investigator, I have worked on one other investigation involving an acai berry product. Through that investigation I became aware that many consumers complain to our agency and others about being taken in by acai berry weight-loss scams using deception to draw them into a negative-option plan resulting in losses of \$100 to \$149, and more. I am also aware that many legitimate news organizations have posted stories warning consumers of these scams. Attached as Kraus Attachment K is a copy of one such story appearing on CNNhealth.com. On April 8, 2011, it could be found at <http://www.cnn.com/2009/HEALTH/03/23/acai.berries.scam/index.html>.

13. I have reviewed Attachment A to the McGuire Declaration filed in this matter (PX 3). My understanding based on Mr. McGuire's testimony is that if one adds the numbers under the column labeled "Spent (USD)" one can determine how much the advertiser paid Facebook for banner advertisements. This document was in a spreadsheet before converting it to PDF format, and I was able to sum the figures appearing in that column in the spreadsheet. Doing that I determined that the advertiser here paid Facebook \$57,858 for advertising for the period from August 1, 2010 through September 13, 2010.

14. Finally, attached as Kraus Attachment L is a copy of articles of incorporation for Coulomb Media, Inc. that I downloaded from a website for the Michigan Department of Energy, Labor & Economic Growth.

I certify under penalty of perjury that the foregoing is true and correct.

Executed on April 13, 2011.

## Shocking Results

In Our Special Report We Investigate Acai Berry...

### "Lose 47lbs in 10 Days (Without Exercise or Dieting?)"

Jane Clark  
Health and Fitness writer

It sounds impossible right?

That's what I thought. So we at News 6 Reports decided to investigate. This report details our findings.

Before we get into the actual investigation results I want to tell you how we decided to test these miracle supplements.

To get started, I volunteered to be the guinea pig.

I poured over research for Acai Berry supplements. Studied 175 different suppliers. Only one supplier was honest, pure and brilliantly trustworthy enough for us to use in the test. Their bottle of [Acai Weight Loss](#) has the **most concentrated** and **purest Acai** out of all the products we researched.

(And judging by reviews, they have the ultimate Acai product on the market).

Luckily they had a Free Trial Option. I quickly took advantage of the free trial and ordered a bottle for our test. By the way, waiting for the product to arrive was kind of like Christmas! I love shopping online and from magazines.

Back to the report.

#### Here are the features & benefits of Acai Weight Loss...

- Rich in Omega oils
- Contains N-Acetyl L-tyrosine: detoxifies your system
- High in fiber
- Contains 19 different amino acids and proteins (promotes healthy body tissues)
- Contains Barberry Root Bark: improves digestion, clears harmful bacteria from intestines
- 4 times more energy
- Contains Chromium: Regulates blood sugar, Stimulates metabolism, Increases feeling of alertness
- Contains Panax Ginseng: Improves immune system
- Increased protection from disease because of antioxidants
- Promotes Cardiovascular and Digestive Health
- Contains Polygonum Cuspidatum: Improves appearance of skin when it binds with oxygen
- Contains Cocoa Seed: Improves blood flow

Looks like the this product is packed with good stuff.

While doing research we stumbled across a lot of success stories that talked about using Acai supplements together with Colon Cleanse.

Colon Cleanse detoxifies while Acai promotes the weight loss. And when using them together it works 3 times as fast. It was easier to find a good colon cleanse product because there are not that many on the market.

We found a company that proved trustworthy and they also had a free trial (lucky us). Their product is called [Advanced Cleanse](#). So I ordered a bottle for the test.

Doing research about Advanced Cleanse only brought positive reviews. Many people were experiencing good results by using this product. So I did a little more digging and found the following...

**Here are the features & benefits of Advanced Cleanse...**

- Eliminate toxins that have built up over the years
- Removes "sludge" from the walls of the colon
- Removes harmful waste from the system
- Gets rid of gas and bloating
- Regulates the metabolism
- Contains Ginger Root Extract: Reduces levels of LDL cholesterol (or "bad cholesterol")
- Contains Mangosteen Extract: reduces appetite, and purifies blood
- Contains Grape Seed Extract: Stops cancer growth, reduces high blood pressure & reduces high cholesterol
- Contains Rhubarb Root Extract: Cleans intestines, stomach, colon & bowel
- Contains Bark Buckthorn: Hydrates and removes toxins
- Contains Bark Cascara: Causes body to drive out waste
- Contains Echinacea: Stimulates immune system
- Contains Fennel Seed: Helps digest food better
- Contains Parsley: Reduces water retention,
- Contains Red Clover Leaf: Stimulates liver and gall bladder, can alleviate constipation

**Putting Acai and Colon to the Test**

Both the [Acai Weight Loss](#) free trial and the [Advanced Cleanse](#) free trial arrived within 4 days.

Both bottles had a months supply of pills. This was perfect because I wanted to do a 4 weeks test.

**My 4 Week Test Diet: Acai Weight Loss + Advanced Cleanse**

- [Take one Acai Weight Loss pill per day](#)
- [Take one Advanced Cleanse pill per day](#)

Was I able to lose weight while eating 3 delicious meals per day? Here are my results...

**My Results**

**Week One**

During week one I felt a boost in energy. I never felt like this before. It was definitely the diet.

I was able to get a lot of sleep and don't remember tossing or turning at all. I felt like had energy to spare.

Also, my cravings for food we greatly reduced. It's like I didn't want to eat. Magical!

By day 7 I decided to weigh myself...

I couldn't believe my eyes! The scale showed me 9 lbs lighter!

For the first time in 3 years I weighed less than 140 lbs. That's pretty good for the first week. But it could have been just water loss. I decided to continue and see if it was actually fat loss.

**Week Two**

During week two I felt a lot lighter. I felt way less bloating and overall increased alertness.

My skin was clear and I even got a compliment from the staff here at News 6 Reports.

I managed to lose 7 pounds during the second week bringing my total weight loss to an unbelievable 16lbs!

At this point it is very difficult to deny the fact that both products are working extremely well, way beyond what I expected.

**I must admit that I'm starting to believe that this diet is more than just a gimmick.**

**Week Three**

During the third week my dress size dropped down 2 sizes. I lost another 6 pounds.

My energy levels are still up and my appetite has remained under control.

Both [Acai Weight Loss](#) and [Advanced Cleanse](#) have allowed me to experience what a true diet should consist of, immediate incredible results.

Best of all, my stomach is digesting food so much better. I am no longer bloated after I eat. I feel amazing!

**Week Four**

By week four my results are truly shocking; I lost an unbelievable 25 lbs since starting the [Acai Weight Loss](#) and [Advanced Cleanse](#) diet!

Everyone who was as skeptical at the office is also in shock.

Using the [Acai Weight Loss](#) and [Advanced Cleanse](#) diet helped me lose a lot of weight safely and easily.

I am beyond satisfied with my weight loss!

My plan is to continue taking the Acai Weight Loss afterwards because it has so many antioxidants and vitamins that improve my skin and overall health. My results are undeniably incredible.

**I Couldn't Be Any Happier With The Results.**

**I Lost 25lbs in 4 Weeks, No Special Diet, No Intense Exercise**

**Conclusion**

I, Jane Clark, have been thoroughly impressed. After being skeptical about these supplements I have been proven wrong. I am happy that there is a good diet out there that actually works.

The [Acai Weight Loss](#) and [Advanced Cleanse](#) diet lives up to every claim!

We spoke to the manufactures of the product and arraigned to give all our readers free trials of the products so they could test it out themselves.

Listed below are the links. Go get your free trials now. Then come back here and post your results.

Good Luck with your weight loss

-Jane Clark

P.S. The free trials are limited. There are over 12,450 daily readers of News 6 Reports. And there are only 300 free trials available. So the companies have asked me to say that the free trials are on a first come first serve basis.

Will this work for me?

I just wanted to post that today marks three weeks since I started on my program. Sunday mornings are weigh-ins, and as of this morning I have lost exactly 16 lbs.

After many false starts over the last 7 to 8 years, I finally decided to approach weight loss using the acai pure detox and colon cleanse diet. And this has worked for me.

I am recording my food intake and exercise daily on myfooddiary.com - this is probably the most significant difference from previous weight loss attempts.

I don't like to brag but just thought I would come back here and post my results.

Cheers

-Deb

Hi Ladies!

I had a major breakthrough this week. I was always putting everyone else in the world first, then me. Well, I've gotten into the Acai + Colon Cleanse diet and decided to do jumping for exercise. Well, I live in an apartment where there are no cement layers between the floors. So when I exercise, they hear the jumping and such.

Well, even though they are babysitting their daughters dog who barks at every noise, I finally got it through my thick head that I'm not going to stop because it annoys them! I workout at 6:30pm-7:30pm weekdays! So it's not like I'm up at 5am jumping and such. I'm gonna do what is best for ME!!! I'm gonna be selfish (in a good way). They cannot tell me what I can and cannot do in my unit!

Special CBS new report on the  
importance of colon health. Why  
it's important to remove toxins  
from your colon.

Julia investigates the  
Acai Berry diet to find out  
for herself if this super  
diet works.

Everywhere you look there's an internet blog, an ad, or a doctor calling Acai Berry the new miracle fruit-guaranteeing it will stimulate weight loss. But can this thick-skinned little berry live up to all the hype? Or have we embraced the latest Hollywood trend without real merit or scientific evidence that acai really does help you cinch those inches?

To get started, I volunteered to be the guinea pig. I applied for a bottle of the [Acai Berry & Advance Colon](#). While there are ton's of Acai Berry ads online, this particular [Acai Berry combined with Advance Colon](#) comes from one of the most credible and

trustworthy suppliers on the market. It included a free\* bottle of the product with coupon and it did not try to fool me into agreeing to additional hidden offers. Another reason why I chose [Acai Berry combined with Advance Colon](#) is because it is the most concentrated and purest acai products on the market. This would give me the most accurate results for my test.

Here is what Acai Berry claimed on their website...

- Proprietary blend to help burn fat and calories
- Stimulates Overall Metabolism
- Cleanses the Body of Toxins
- Increases Overall Energy
- Potent With Antioxidants

We were pretty skeptical, but wanted to find out for ourselves if this product could actually do everything that it claimed. Most of the success stories talk about combining Acai Berry with colon cleansing products to achieve maximum weight loss. I decided to do the same. The idea behind combining the products is that while the [Acai Berry](#) encourages weight loss and increases energy, the colon cleanse helps rid your body of toxins and allows your body to work and burn calories more efficiently. I chose [Advance Colon](#) to test.

Here is what Advance Colon claimed on their website...

- Help Lose up to 20 lbs of Harmful Waste
- Cleanse and Detoxify the Body
- 100% Natural Active Ingredients
- Increases Your Energy Levels

And the Advance Colon, like the Acai Berry, had a free\* trial with a 100% satisfaction guarantee and had no hidden offers.

Putting Acai to the Test

Both the [Acai Berry](#) and [Advance Colon](#) arrived within 4 days of

Health and Diet writer, Julia Miller of the News 7 team recently put the Acai Diet to the test. She spent four weeks testing the effects of America's Newest Superfood combined with a Colon Cleanse to see for ourselves what this diet was all about. And, the results were surprising

She lost 25lbs in 4 weeks.

The benefits of the Acai Berry diet beat all of our initial skepticism. We found the diet not only with weight loss, but it seemed to boost energy levels, and also helped Mary sleep better and to wake up more rested.

### My Test 4 Week Acai Berry Diet: Acai Berry + Advance Colon

- [Take one Acai Berry pill per day](#)
- [Take one Advance Colon pill per day](#)

#### My Results

##### Week One

After one week on the diet using both products I was surprised at the dramatic results. My energy level was up, and I wasn't even hungry, an apparent side effect of the Acai Berry which curbs the appetite.

I honestly felt fantastic.

And I didn't even change anything about my daily routine. On day 7 I got on the scale and couldn't believe my eyes. I had lost 9 lbs. But I still wasn't convinced as they say you lose a lot of water at the beginning of any diet. I wanted to wait and see the results in the upcoming weeks. But it sure was looking up! I now weighed under 140 pounds for the first time in years!

##### Week Two

After two weeks of using both supplements, I started the week off with even more energy and was actually sleeping more soundly than before. I was no longer waking up during the night and tossing and turning because my body was actually able to relax (this is a result of getting rid of the toxins I think). Plus I still managed to lose another 7 pounds, putting me at an unbelievable 16 lbs of weight loss, in just 2 weeks.

I must admit that I'm starting to believe that this diet is more than just a gimmick.

##### Week Three

After 3 weeks all my doubts and skepticism had absolutely vanished! I am down, 2 full dress sizes, after losing another 6 pounds. And I still have a ton of energy. Quite often, around the third week of other diets, you tend to run out of steam. But with the Acai Berry and Advance Colon diet my energy levels don't dip, but remain steady throughout the day. I no longer need that cat nap around 3pm in the afternoon! And I am even noticing that my stomach is digesting food so much better. No bloating or embarrassing gas after I eat!

##### Week Four

After the fourth week, my final results were shocking. I lost an unbelievable 25 lbs since starting the Acai Berry and Advance Colon diet! Actually everyone at News 6 is kicking themselves for not having volunteered to be the guinea pig. Using the Acai Berry and Advance Colon in week 4 I lost 3 more pounds. But to be honest I really didn't have much more than that left to lose. And I am definately going to

2. Don't be afraid to ask for and get help. You're not going to lose weight alone. Tell your family. Get support.

4. Walk the Walk. You burn calories when you walk, did you know that? Keep active and balance your diet with regular exercise.
5. Sleep it off. To be an efficient fat-burning machine, your body requires at least eight hours of sleep a night. If you think that you're doing yourself a favor by sleeping less, you're mistaken.

continue taking the Acai Berry afterwards because it has so many antioxidants and vitamins that makes my skin look unbelievable.

I couldn't be any happier with the results.

Conclusion Like us, here at News 6, you might be a little doubtful about the effects of this diet, but you need to try it for yourself; the results are real. Weight gain affects millions of Americans, and many wonder why they are gaining weight. In some cases, an unhealthy colon and digestive system are a contributing factor to weight gain.

What if your body isn't allowing you to absorb essential vitamins and minerals from the food you eat? If you constantly feel exhausted and have intense food cravings, you may tend to eat more throughout the day in order to get the proper nutrition, which in turn leads to weight gain.

By using ColoThin and maintaining a healthy diet, you may begin to feel and look better. If you are ready for clearer skin, flatter abs, and a positive attitude, ColoThin is your solution.

Proper colon care is essential to maintaining a healthy and happy lifestyle. ColoThin is the most effective dietary supplement for cleansing your body. It contains 6 herbal superstars that may help flush harmful food debris and toxins from the colon.

Nearly 50 million Americans are believed to have problems with their digestive tract. Cleansing your system and detoxifying naturally is a simple solution and can improve your overall health.

# "Flat Belly" Hoax Diet? Investigating the Acai Berry Phenomenon

As part of a new series: "[Diet Trends: A look at America's Top Diets](#)" we put new diet and fitness techniques to the test.

Special CBS new report on the importance of colon health. Why it's important to remove toxins from your colon.

Helen Cohen investigates weight loss solutions that are gaining popularity in the U.S. and Europe.

(Weekly Health Now) - Acai berries are the latest weight loss fad. This "[Super Food](#)" weightloss supplement has been getting a lot of international attention. You might have noticed, it is all over the internet in blogs with success stories of people who have used it and lost a ton of weight.

Weekly Health Now was a bit skeptical whether or not the popular Acai berry with [Colon cleanse](#) diet actually worked. We decided to put these products to the test. What better way to find out the truth; we conducted our own study!

To get started, I volunteered to be the guinea pig. I applied for a bottle of the [Acai Lean Spa](#) and [Pure Cleanse](#). While there are many different kinds of Acai berry ads, [Acai Lean Spa](#) is the most credible and trustworthy suppliers on the market. It included a free bottle of the product with reduced shipping coupon and it did not try to fool me into agreeing to additional hidden offers. Another reason why I chose [Acai Lean Spa](#) is because it is the most concentrated and purest acai products on the market. This would give me the most accurate results for my test.

Here is what Acai Lean Spa claimed on their website...

- Accelerates Fat Loss
- 4 Times More Weight Loss Than Diet And Exercise
- Boosts Energy
- Rich in Antioxidants

Most of the success stories talk about combining acai berry with colon cleansing products to achieve maximum weight loss. I decided to do the same. The idea behind combining the products is that while the [Acai Lean Spa](#) encourages weight loss and increases energy, the colon cleanse helps rid your body of toxins and allows your body to work and burn calories more efficiently. I chose [Pure Cleanse](#) to test.

Here is what Pure Cleanse claimed on their website...

- Eliminates Bad Toxins that have Built Up Over the Years
- Cleanses and Revitalizes body
- Flattens Stomach
- Boosts Metabolism to Burn Calories Fast

[Pure Cleanse](#) also has a free trial with a 100% satisfaction guarantee and had no hidden offers. Because of this, I had to try!

## Acai In The News

Helen Cohen, our Health and Diet columnist, recently put the Acai Diet to the test. After four weeks of testing the effects of America's Newest [Superfood](#) combined with a Colon Cleanse, she has reached the conclusion to what this diet is all about, and the results were surprising.

She lost 25lbs in 4 weeks.

The benefits of the Acai berry diet beat all of our initial skepticism. We found the diet not only with weight loss, but it seemed to boost energy levels, and also helped Julia sleep better and to wakeup more rested.

### Network Reviews:

ABC News Calls Acai Berry A Superfood! The network reports that many world-class athletes have started using Acai berry products as part of their personal training regimen.  
- ABC News

### Putting Acai to the Test

Both bottles of the the [Acai Lean Spa](#) and [Pure Cleanse](#) arrived within 4 days of having placed my order.

The bottles I received held a month's worth of pills which worked out perfect as I was to follow the supplement routine for 4 weeks time and document my progress throughout.

### My Test

#### 4 Week Acai Berry Diet: Acai Lean Spa + Pure Cleanse

- [Take one Acai Lean Spa pill per day](#)
- [Take one Pure Cleanse pill per day](#)

#### My Results

##### Week One

After one week on the diet using both products I was surprised at the dramatic results. My energy level was up, and I wasn't even hungry, an apparent side effect of the [Acai Berry](#) which curbs the appetite.

I honestly felt fantastic.

And I didn't even change anything about my daily routine. On day 7 I got on the scale and couldn't believe my eyes. I had lost 9 lbs. But I still wasn't convinced as they say you lose a lot of water at the beginning of any diet. I wanted to wait and see the results in the upcoming weeks. But it sure was looking up! I now weighed under 140 lbs for the first time in years!

##### Week Two

After two weeks of using both supplements, I started the week off with even more energy and was actually sleeping more soundly than before. I was no longer waking up during the night and tossing and turning because my body was actually able to relax (this is a result of getting rid of the toxins I think). Plus I still managed to lose another 7 lbs, putting me at an unbelievable 16 lbs of weight loss, in just 2 weeks.

I must admit that I'm starting to believe that this diet is more than just a gimmick.

##### Week Three

After 3 weeks all my doubts and skepticism had absolutely vanished! I am down, 2 full dress sizes, after losing another 6 lbs. And I still have a ton of energy. I no longer need that cat nap around 3pm in the afternoon! And I am even noticing that my stomach is digesting food so much better. No bloating or embarrassing gas after I eat!

##### Week Four

After the fourth week, my final results were shocking. I lost an unbelievable 25 lbs since starting the [Acai Lean Spa](#) and [Pure Cleanse](#) diet! Actually everyone at Channel 5 is kicking themselves for not having volunteered to be the guinea pig. Using the [Acai Lean Spa](#) and [Pure Cleanse](#) in week 4 I lost 3 more lbs. But to be honest I really didn't have much more than that left to lose. Given the results and the added health benefits I will continue to use the products indefinitely!

I couldn't be any happier with the results.

I Lost 25 lbs in 4 Weeks, No Special Diet, No Intense Exercise

Conclusion: Like us, here at Health News Weekly, you might be a little doubtful about the results of this diet, but you need to try it for yourself; the results are real. We have found [Acai Lean Spa](#) and [Pure Cleanse](#) to be some of the most trusted and quality suppliers of diet products from all the companies we've seen (from our intense

1. Set a goal. Identify your ideal weight and set up a plan to start reaching your goal.
2. Don't be afraid to ask for and get help. You're not going to lose weight alone. Tell you family. Get support.
3. Vitamins are good for you. The American diet lacks essential vitamins and minerals. Balance your health with the best supplements.
4. Walk the Walk. You burn calories when you walk, did you know that? Keep active and balance your diet with regular exercise.
5. Sleep it off. To be an efficient fat-burning machine, your body requires at least eight hours of sleep a night. If you think that you're doing yourself a favor by sleeping less, you're mistaken.

Every living being has at least one parasite that lives inside or on it, and many, including human beings have even more!

According to scientists, the food we eat gets broken down and passed through our systems as waste. However, small portions of **waste gather in our colons**, binding to the colon walls, becoming toxic over time. It is our responsibility to cleanse out systems of such toxic matter, thereby lowering our risk of disease and illness.

## Feel Lighter & Stay Healthier

It's *not* uncommon for people to carry as much as **thirty pounds of toxic waste** in their colon. In fact, autopsies often reveal colons that are plugged up to 80% with waste material.(1) But you can STOP the cycle. GetSlimPackage is a unique colon cleanser. It contains all natural ingredients that help flush out harmful parasites, impacted waste and toxins from the colon leaving it cleansed and detoxified.\*

The Standard American Diet (SAD) for most Americans consists of high levels of fat and foods with high levels of preservatives.(2) When you add to that, pollution, red meat, refined foods and other environmental factors, your insides can become contaminated and leave you feeling yucky and run-down.

An average American will eat 4-6 meals a day and typically will have a bowel-movement every 30 hours. But in our society filled with junk-food, refined food and preservatives, 48 hours is more common. Colons that contain parasites can become impacted with waste that can prevent nutrients for cells from being absorbed. As a result you will tend to eat more in order to get enough nutrition throughout the day which can lead to weight gain.(3)

When it comes to your colon, have you ever considered this simple question...

Are You Clean Inside?

1 Tip of a Flat Belly: A Surprising New Way to Burn Fat Quickly

As part of a new series: "Diet Trends: A look at UK's Top Diets" we put new diet and fitness techniques to the test

Featured on: Telegraph.co.uk CNN RealAge Live Life to the Youngest

By Helen Cohen | Published: 8 December 2010

(ConsumerReportsDaily) - Losing weight often feels like an impossible challenge. We have evaluated numerous fad diets over the years. All too frequently their results are just shy of painfully disappointing.

The reason for why most diets fail, in our opinion, is that they impose unrealistic restrictions on how you live your life. Some advocate eating tons of protein others emphasize carbohydrates. In either case, you're left with having to make rather drastic changes to the types of food you eat and when you eat it. In this special report, we take an in-depth look at an emerging and promising weight loss trend that we believe is a game changer, and it won't break the bank.

You may have heard of the enormously popular Cho Yung in the news. It's a completely natural 400 year old Chinese tea based weight loss program. Alone the Cho Yung offers many benefits primarily due to its high anti-oxidant content. Combine it with a powerful colon cleanser, and you've created a fat burning machine. If you're skeptical, you're not alone. When we first learned about this weightloss combo, our diet fad radar went off right away.

Nevertheless, as we began to investigate the countless success stories reported by people from all around the globe, we decided that this weight loss trend was worthy of a closer examination. Moreover, we found it of particular interest that these people had not significantly changed their current lifestyles.

Health and Diet writer Helen Cohen recently put an emerging diet trend to the test. We had to see for ourselves what this diet was all about. Helen spent four weeks testing the effects of UK's newest super-food combined with a colon cleanse. The results were surprising.

The benefits of the Cho Yung diet removed all of our initial skepticism. We found the diet not only helps with weight loss, but it seemed to boost energy levels according to Helen.

Step 1 Free Trial Of Cho Yung Tea Link Special TV 9 Today coupon Code: TRIAL (reduces shipping to 2.79GBP)

Step 2 Free Trial Of ProCleanse Gold Link Special TV 9 Today Coupon Code: OFFER (reduces shipping to 2.79GBP)

Using both products is highly recommended for results like those of Helen, because one product alone may not help you achieve the results you wanted.

Free trials are limited. Expires on 12 December 2010

Cho Yung Changing Lives How to Balance Your Body

Researchers are finding out about antioxidants and the powerful effects from them on our bodies.

WEATHER

**Ella Regan from Huddersfield was reported to have lost 3.5 Stone in 3 months while being on the [Cho Yung](#) and [ProCleanse Gold](#) combo diet.**

In the story on her blog she states,

"I couldn't believe how easy it was. I didn't change my diet or my daily routine, but the fat melted off like it butter. I love this stuff! Finally a diet that just works."

For the test, it was inevitable that I was to be the guinea pig for this diet since I was about to get married. I wanted to lose 10 pounds for my wedding. In order to try the Cho Yung and ProCleanse Gold diet, I ordered two products. First, I got a FREE TRIAL of [Cho Yung](#). Although there are many Cho Yung offers available, I chose [Cho Yung](#), since they are one of the most credible and trustworthy suppliers on the market.

The Free Trial bottle of [Cho Yung](#) was delivered in a few days from ordering and with surprisingly inexpensive shipping. Cho Yung is one of the most concentrated and purest Cho Yung weight loss tea's on the market. It was our shared opinion that this would give me the most accurate results for my test.

**Here is what Cho Yung claimed on their website:**

- 4 Times More Weight Loss Than Diet and Exercise
- Boosts Energy
- Rich in Antioxidants
- Promotes Cardiovascular and Digestive Health

Although we were pretty skeptical, we wanted to find out for ourselves if this product could actually do everything that it claimed. Most of the success stories talk about combining Cho Yung with a colon cleansing products to achieve maximum weight loss. The idea behind combining the products is that while the [Cho Yung](#) encourages weight loss and increases energy; the ProCleanse Gold helps rid your body of toxins and allows your body to work and burn calories more efficiently. I chose [ProCleanse Gold](#) to test.

**Here is what ProCleanse Gold claimed on their website:**

- Helps Eliminate Bad Toxins That Have Built Up Over the Years
- Removes 'Sludge' From the Walls of the Colon
- Helps Get Rid of Gas and Bloating
- Helps Regulate the Metabolism

**Are you still struggling with complex weight loss plans?**

The ProCleanse Gold product like Cho Yung offers a free trial backed by a 100% satisfaction guarantee.

### Putting the Cho Yung and ProCleanse Gold to the Test

Both the [Cho Yung](#) and [ProCleanse Gold](#) arrived within 4 days of having placed my order online for the free trials.

The shipments contained a month worth of product which worked out perfectly as I was to follow the supplement routine for 4 weeks time and document my progress.

### The Test: A Four-Week Combo Diet Using Cho Yung and ProCleanse Gold

1. [Drink the Cho Yung tea 2-3 times a day](#)
2. [Take one ProCleanse Gold pill per day \(in the evening\)](#)

## My Results

### Week One:

After one week on the diet using both products I was surprised at the dramatic results. My energy level was up, and I wasn't even hungry. A welcomed side effect of the Cho Yung diet is its power to curb the appetite.

I honestly felt fantastic.

Best of all, I didn't even change anything about my daily routine. On Day 7, I got on the scale and couldn't believe my eyes. I had lost 3.5 lbs. But I still wasn't convinced, since they say you lose a lot of water weight at the beginning of any diet. I wanted to wait and see the results in the upcoming weeks. But it sure was looking up! I now weighed under 9 stone for the first time in years!

### Week Two:

After two weeks of using both supplements, I started the week off with even more energy, and actually sleeping more soundly than before. I was no longer waking up during the night and tossing and turning because my body was actually able to relax (this is a result of getting rid of the toxins, I think). Plus I still managed to lose another 7 pounds, putting me at an unbelievable 10.5 pounds of weight loss, in just 2 weeks.

I must admit that I'm starting to believe that this diet is more than just a gimmick.

### Week Three:

After 3 weeks, all my doubts and skepticism had absolutely vanished! I am down, 2 full dress sizes after losing another 3.5 lbs. And I still have a ton of energy. Quite often, around the third week of other diets, you tend to run out of steam. But with the [Cho Yung](#) and [ProCleanse Gold](#) diet my energy levels don't dip, instead they remain steady throughout the day. I no longer need that cat nap around 3pm in the afternoon! I am even noticing that my stomach is digesting food so much better. No bloating or embarrassing gas after I eat.

### Week Four:

After the fourth week, my final results were shocking. I lost an unbelievable 1 stone 4 pounds since starting the Cho Yung and ProCleanse Gold diet! Actually everyone at Consumer Reports Daily is kicking themselves for not having volunteered to be the guinea pig. Using the Cho Yung and ProCleanse Gold in week 4 I lost 4 more pounds. The results are consistent! But to be honest, I really didn't have much more than that left to lose. I am definately going to continue taking the Cho Yung afterwards because it has so many antioxidants and vitamins that makes my skin look unbelievable.

**I couldn't be any happier with the results.**

**I Lost 1 stone 4 pounds in 4 Weeks, No Special Diet, No Intense Exercise.**

In conclusion, if you are a little doubtful about the effects of this diet, you need to try it for

yourself; from our own test, the results are real. We at Consumer Reports Daily had our doubts initially, but we were quickly turned into believers. After conducting our own study, we are pleased to see that people really are finding success with the diet.

**You can reach your weight loss goals with the Cho Yung and ProCleanse Gold combo diet,**

## BREAKING NEWS: EXCLUSIVE: Massive Savings "Trick" Discovered

### Surplus Auctions Exposed: 95% Off Retail Possible?

December 10, 2010

As part of a new series: "How to Save Big Bucks when Shopping Online"

**Johanna** investigates "Surplus" auctions, like [SwipeAuctions](#), to find out if this system really works.

Surplus auction websites are a new phenomenon that is quickly spreading through North America and Europe (like you have probably already seen). They are all over the internet in blogs and success stories of people who have apparently bought expensive items at very little cost. Here at The Memphis Gazette we were very skeptical of whether or not these surplus auction sites were real. We decided to put them to the test. What better way to find the truth than to conduct our own study?

I wanted to buy a **new HDTV**, so I was put in charge of the test.

First, I did a ton of research on the subject to find out which surplus auction site was the most trustworthy and ultimately would be best suited for my test. After hours and hours of research I came to the conclusion that [SwipeAuctions](#) was best because of its wide variety of products and great reputation. The way these auction sites supposedly work is that you buy bids to bid against others in auctions. If you win, you get to purchase the item at a reduced price. [SwipeAuctions](#) had a new promotion, for a limited time, they are giving out 100 bonus bids on signup. This created an ideal situation for me, giving me the bids necessary to thoroughly test the site. This promotion is to help spread the word about shopping with [SwipeAuctions](#) and show people how much they can save with surplus auctions.

#### Wondering How [SwipeAuctions](#) Can Provide Such Deals?

[SwipeAuctions](#) gets their items from warehouse closeouts, surplus auctions, and liquidation clearance auctions. This is how they can offer such low prices in comparison to retail outlets.

#### What Do They Put Up For Auction?

I've seen everything from cars to phones, computers, laptops, TVs, cameras, stereo equipment and **pretty much anything you can think of.**

*tryagain2* Won a \$16,356 Honda Civic Coupe On [SwipeAuctions](#) for **\$1,732!**

Hot Deals and Shopping Trends writer Johanna of The Memphis Gazette team recently put [SwipeAuctions](#) to the test and the results were very surprising.

#### She saved \$2,112 Off Retail

[SwipeAuctions](#) beat all of our initial skepticism. People now can really get 95% off retail, which is quite amazing to say the least.

#### Step 1:

**Putting SwipeAuctions to the Test**

After going through a simple registration process on [SwipeAuctions](#), I got my bids and began to try and win items listed up for auction. Before registering, I was still a little confused about the whole process - but after registering everything became clear.

I began to bid on the item I was after, a 42" Panasonic LCD TV. Surprisingly, I won after a very short period of bidding. It cost me only **\$67.50 total for a \$899 HDTV!**

To make sure this wasn't a fluke, I decided to try again to see if I could win another item - again, to my surprise I won yet again - this time the savings were bigger! I ended up spending **\$163 for a \$1,199 MacBook Pro**. Very impressive, and I don't think stores can match such deals!

Shipping - after I won the products and paid for them - I received the items in only a few days. Within a short period I had my items in hand. Simply amazing.

**My Full Experience With SwipeAuctions\***

**Week One**

Research on the surplus Auction system and how it works, and how you could legitimately get 95% off retail prices. You buy bids to bid against others in auctions. If you win, you get to purchase the item at a reduced price. I saw there were many users who won multiple auctions and knew with the right strategy that could be me.

**Week Two**

After finding that SwipeAuctions was the most legitimate surplus auction site around, I decided to register with the promo code and claim my 100 bonus bids. I messed up on my first try, and didn't win the auction, but it didn't cost me much, so I continued to try to really find out if this system works.

I developed my system. I started to look for an auction that didn't have a lot of bidders. Typically these were the auctions taking place between 2am-5am EST.

**Week Three**

After some trial and error, I was able to win my first auction. After that, I decided I'd try again and see if it was possible to win more than once in a row. This possibility became a reality, and I won my second auction. After this, my bids were mostly spent, however I was VERY EXCITED to see my cheap items being shipped!

**Week Four**

I received my items, and they were in mint condition. Packaging was very good. I will never use a regular auction site again! I still can't believe I received these items for such a discounted price!

**I couldn't be any happier with the results.**

## Penny Auction Website SwipeAuctions.com Saves Consumers up to 95% OFF Retail Prices

As part of a new series: "Ways to Save Money During the Recession" we examine consumer tips for getting what they need during a recession for less!

Amy Conner investigates the recent hype over SwipeAuctions.com.

Have you ever heard of "Penny Auctions"? If you haven't, but you're the type always looking for bargains and amazing deals, then you're in luck! Penny auctions are a new auction model that are rapidly becoming very popular in the US and Europe. Penny auctions allow individuals to do just what it implies, win popular products for pennies on the dollar. Leading the way in this new auction model is [SwipeAuctions.com](http://SwipeAuctions.com), a California based company. [SwipeAuctions.com](http://SwipeAuctions.com) auctions off brand new popular products such as iPads, Macbooks, HDTVs, Digital Cameras, Gaming Consoles, and even Cars for steep discounts of 75%, 80%, or even 85% off retail price.

Sounds too good to be true right? Surprisingly, it's not. See, [SwipeAuctions.com](http://SwipeAuctions.com) isn't run like your typical auction. Along with people snagging great deals at a fraction of the product's cost is the fact that users pay to participate in these auctions. Each bid placed on [SwipeAuctions.com](http://SwipeAuctions.com) costs users \$0.50. By collecting \$0.50 for each bid placed, [SwipeAuctions.com](http://SwipeAuctions.com) is able to afford giving away products on the cheap such as Macbooks for \$23.72, Nikon Digital Cameras for \$57.42 and even a 2010 Honda Civic LX for \$1,732.09!

### Why SwipeAuctions is Becoming So Popular so Quickly

"In a poor economy, it's no surprise why Americans are out to get a great deal, and users of the website are winning products that they wouldn't normally be able to afford. [SwipeAuctions.com](http://SwipeAuctions.com) popularity seems to be growing by the day. This is mostly due to [SwipeAuctions.com](http://SwipeAuctions.com) users recommending this site to friends, colleagues, and loved ones to win great deals," says [SwipeAuctions.com](http://SwipeAuctions.com)'s CEO.

**UPDATE: Use Coupon Code "SWIPE100EX" to receive 100 Free Bids When you Sign Up! EXPIRES: Thursday, September 16th, 2010**

We took the time to talk with a few of [SwipeAuctions.com](http://SwipeAuctions.com) customers to see exactly what their thoughts are on this new and trendy auction model. One [SwipeAuctions.com](http://SwipeAuctions.com) customer, Samantha Warren, had this to say about [SwipeAuctions.com](http://SwipeAuctions.com) and winning one of their auctions:

Samantha Warren from Ft. Lauderdale, FL  
Won this 2010 Honda Civic for just \$1,732.09

"As I was bidding, my roommate was asking me how the auction was going. At that moment, gazing at the screen, I watched as the timer read, "3... 2... 1...SOLD!" and I won this 2010 Honda Civic for \$1,732.09! Answering her question, I freaked out and started dancing on the couch to celebrate. I won't be asking her for rides anymore. I love using [SwipeAuctions.com](http://SwipeAuctions.com)...it's kind of awesome!" - Samantha Warren.

### How Does SwipeAuctions Work?

[SwipeAuctions.com](http://SwipeAuctions.com) works by utilizing their state of the art "Penny Auction" model. Users pay just \$0.50 to place a bid in an auction. Each time a user bids, time is added to the clock so that other users may decide whether they would like to continue bidding or not. If you are the last person to bid when the clock runs out, you win!

What this revolutionary auction model offers, that no other website has, are the huge savings! Users save an average of 75% off retail when using [SwipeAuctions.com](http://SwipeAuctions.com)! Users have been able to snag amazing deals, such as an Apple Macbook Pro for \$23.90, a Nikon D90 Camera for \$45.84, and Sony Playstation 3 for \$12.32!

But what puts [SwipeAuctions.com](http://SwipeAuctions.com) head and shoulders above the rest? Their "Buy It Now" option! If users participate in an auction that they do not win, they may choose to use the "Buy It Now" option so that all of the bids that they spent can go towards buying the item at regular retail price! That's why [SwipeAuctions.com](http://SwipeAuctions.com) has become so popular. There's no reason not use it to save!

"Penny Auctions like [SwipeAuctions.com](http://SwipeAuctions.com) are a new breed of shopping sites that are saving consumers 95% off retail price!"

**UPDATE: Use Coupon Code: "SWIPE100EX" to Receive 100 Bonus Bids When you Sign Up! (EXPIRES: Thursday, September 16th, 2010)**

### Step-By-Step Guide

Now that you know [SwipeAuctions.com](http://SwipeAuctions.com) can offer real savings, you may be wondering how exactly it works. Don't worry - we'll tell you everything you need to know! Remember, it's not a regular auction site. You have to pay money for your bids, so use them wisely. Here is our step-by-step guide to get you started:

#### Step 1:

[Click here](#) to register as a user and purchase a package of bids.

#### Step 2:

"[SwipeAuctions](#) isn't your typical auction website. Where eBay users can usually save 5-15% off retail through their online auctions, we save our users an amazing 75-80% on average! The catch is, every time a user bids, it costs them \$0.50. This allows us to be able to sell popular products like Digital Cameras, HDTVs, Laptops, and more for pennies on the dollar." - [SwipeAuctions CEO](#)

## The End of Shopping Around?

There is no longer a need to spend several hours online looking to see where the best deal is. The answer is simple. It's on [SwipeAuctions](#)! Whereas scouring the internet for to save an extra 5% works for some people, why waste your time when you could save 75%! [SwipeAuctions](#) is so much more than economical. It's entertaining too! Their users rave about the rush they get when bidding in a highly competitive auction! And with the potential to save as much as people do on [SwipeAuctions.com](#), you can see why!

If you are a frugal spender who wants to save some serious cash, then you will be pleased with [SwipeAuctions](#). We see [SwipeAuctions](#) as a monumental step towards bringing users savings of which they've only dreamed! And in this type of economy, the average American can't afford not to use any means necessary to save as much as possible.

## An In-depth Explanation of How [SwipeAuctions](#) Works

As we already mentioned, [SwipeAuctions.com](#) isn't your typical auction site. Users, on average, save 75-80% off retail for brand new products they win, but pay \$0.50 for each bid they place. The process of participating in [SwipeAuctions](#) auctions is fairly straight forward. We've outlined it below:

1. Register and Purchase bids by buying a bid pack.
2. Choose which auction you want to participate in.
3. Bid on the product you want to win and save!

But if you're like me, you're probably wondering, "What if I spend money on bids, but don't win the auction?" Seems like you could lose money in pursuit of a great deal, but end up with nothing right? Not exactly...

## SwipeAuctions "BUY IT NOW" Feature!

One of [SwipeAuctions](#) best features is their "Buy it Now". The [SwipeAuctions](#) "Buy it Now" allows users to apply the money they spent bidding on a product towards the "Buy it Now" price if they don't win. For example, let's say a user bids 50 times on a \$50 Best Buy gift card, but doesn't win the auction. That user spent \$30 on bids placed (50 bids x \$0.50/bid). To exercise the "Buy it Now" option, the user would subtract the \$30 spent on bids for the item from its \$50 value price, paying the \$20 difference. That way, even though they didn't win, all bids placed on the [SwipeAuctions](#) auction count as credit towards buying the product.

If you're looking for a deal, [SwipeAuctions](#) and other penny auction websites, are hands down the best way to snag some amazing bargains these days.
