Don't Break the Bank: A Mom's Trick to a Wrinkle FREE Face

STORY HIGHLIGHTS

- Mom discovers trick to remove wrinkles and fine lines from home.
- Coupons bring down the cost to under \$8.
- Combining [Dermitage](#) and [Kumaara](#) is the key.

(FDX) -- Amidst the second worst recession in United States history, thrifty consumers are turning to the internet to take advantage of special offers.

AS SEEN ON:      

Rebecca investigates a local mom's discovery of clever trick to get a celebrity look for less than \$5 and has enabled thousands of consumers to reduce their wrinkles and fine lines from home.

Step 1:

First Get [Dermitage](#)
 (Use this exclusive link and you pay just \$3.97!)

Step 2:

Then get [Kumaara](#)
 (Use this exclusive link and you pay just \$3.95!)

*This Is Key: Use both for results like Jennifer!

Jennifer, a local mom of three, is the perfect example of a smart consumer using the web to get quality products for a low cost. Jennifer was admittedly a bit overwhelmed by her hectic life and had had given up on spending time on herself and her needs. Jen decided to change her life, and recently discovered a clever way of combining two beauty product trials from a trusted company [Dermitage](#) & [Kumaara](#) to unlock the secrets of anti-aging. Her results are comparable to what you might attain at Medi Spas and Doctors offices for \$2000 or more, all the while using nothing but free trial offers.

Jennifer thought it was important to share her story with you. This trick has not only removed her wrinkles, but also tightened her neck and face instantly. It changed her life and I hope it can change yours too.

Jennifer, who makes an average salary, doesn't have the extra cash to try every celebrity endorsed Anti-Aging miracle cream out there let alone splurge on expensive medical procedures. At one time she did consider taking out loans for injecting Botox and even contemplated getting a facelift, but became frightened after researching Botox and face lift malpractice stories. Jen was determined to find a safe and AFFORDABLE solution that would yield real results and not leave her in debt.

Nevertheless, as we began to investigate the countless success stories reported by people from all around the globe, we decided that Jennifer's anti-aging secret was worthy of a closer investigation.

Jennifer's Letter:

"I have to admit I do tend to jump on the bandwagon and I have tried countless skin anti-

aging/wrinkle creams such as Oil of Olay,

Neutrogena and many more to help me look young again. Unfortunately, the results were never as good as I wanted them to be. Until, one day after watching the news and doing some careful research, I found a way to make my wrinkles go away by using [Dermitage](#) & [Kumaara](#).

Jennifer's skin care problems were a result of harmful UVA & UVB exposure from years of exposure to indirect sunlight and time spent tanning, which led to premature aging and wrinkles during her early thirties.

It got worse after she got a job as a waitress. She often stayed up all night and became very addicted to coffee and cigarettes. Jennifer started developing dark circles around her eyes which started to become baggy with time. After she gave birth to her children, she often felt that she always looked much older than she was. Before she knew it, the kids were in high school and she was getting older and older.

Every month she began to notice more lines and wrinkles on her face. Gravity seemed to have a great effect in pulling her chin downward. Even her mom looked at her with that concerned face and told Jen she looked extremely worn out. That was the moment Jen realized it was time to stop wasting her time with products from the local drug store and do something about it.

Her initial thoughts were to turn to Botox and even a facelift to deliver the results that she was so eager to find. Looking back on it now, she has said she didn't know what she was thinking! "Who in their right mind wants to inject themselves with chemicals or go under the knife just to look a few years younger?"

The Solution:

Luckily a dear friend talked Jen out of plastic surgery and told her about a skin rejuvenation segment on the news. which opened her mind to the sensational skin firming effects of Dermitage.

Dermitage had been featured in numerous publications which gave credibility to what the news segment uncovered. So Jennifer started her own research for products which were loaded with Dermitage.

While researching the best anti-aging/skin care products, she discovered celebrities had been using Dermitage for years to stay and look young. A prominent celebrity skin care doctor also revealed that using Dermitage was the celebrity secret to success as it contains powerful antioxidants, vitamins, and moisturizing agents in addition to Dermitage.

They work in tandem to achieve amazing results. While the Dermitage rejuvenated the skin with collagen production, the additional ingredients in Dermitage would erase damage from the inside out! There are no antioxidants more powerful than the those found in [Dermitage](#). Antioxidants are essential to help us neutralize free radicals which are the compounds that cause the body to grow wrinkled and develop health issues. After a few days of extensive research and comparing product features, prices, and reviews of popular products on the internet, Jennifer had finally managed to find the WINNERS!

The products were [Dermitage](#) (which had been featured on the initial newscast) and [Kumaara](#). She began to look for the products in retail stores but couldn't find them anywhere as the products were only available online. After searching thru Google Jennifer, found the link to get her free trials* of [Dermitage](#) and [Kumaara](#).

Great Results from a FREE TRIAL and NO surgery? Count me in!

"Based on my research, I knew Dermitage and Kumaara would deliver incredible results and the fact that I got them as a free trial* was the icing on top. I never would have thought that something which is being offered for free could ever yield a better result than the more expensive anti-aging solutions.

"Why are they offering these free trials*?" Because they want people to try it! The company who manufactures these products is so confident that people will see visible results within a few weeks that they are sure the free trial participants will come back and purchase more.

How to avoid wrinkles

Weather

Jen started to notice several changes within weeks. The picture on the left was taken around the third week after she started using [Dermitage](#) and [Kumaara](#) regularly. She used both [Dermitage](#) and [Kumaara](#) only once a day in the morning.

Her wrinkles are smoothed out, her eye lines are gone and her skin glows. Her skin continues to get firmer and firmer. In addition to her renewed radiant skin, Jen experienced a significant increase in energy because of the added benefits of the antioxidant Dermitage.

Now with her new radiant skin, Jen has more confidence than ever and people definitely say she looks much younger, is more energetic and brighter! We here at FDX agree 100%!

Jen's mom was so amazed with the results she ordered the products for herself.

How I Lost 5 Stone 4 Pounds In Under 15 Weeks?

DON'T WASTE YOUR MONEY ON WEIGHT LOSS PRODUCTS THAT DON'T WORK!

"HOW TO LOSE WEIGHT FAST?"

Hello there, my name is Amy and I live in Hertfordshire. Before You go wasting your money on products that say they work....but don't....please read my story of how I lost 5 stone 4 pounds of fat in just 15 weeks.....I know it sounds bizarre, but it's true!

Before I tell you how I did it, I want you to know that my success came only after many diet failures. I think I went on every diet in existence at least once...maybe even twice. I cut calories, exercised, and mixed a lot of tasteless shakes. I was what you call a typical yoyo dieter.

Let Me just show you of how I looked before and after taking these 2 weight loss products. I lost 5 stone 4 Pounds!

This was a period of 15 weeks before and after taking [Acai Optimum](#) & [Colon Cleanse](#)

So Whats The Secret?

Long Story Short: I used 2 diet supplement products that I saw on TV and online. Acai Optimum and Colon Cleansing, helped me lose 5 stones in under 15 weeks. The best part is, I was able to get them with a free trial:

Step 1: [Acai Optimum Trial](#)

As Featured On:

- ✓ BBC
- ✓ The Telegraph
- ✓ The Sun

Acai Optimum

- ✓ [Acai Optimum Free Trial](#)

(Take 2 times a day)

Free Trial Expires **12/12/2010**

Colon Cleanse

- ✓ [Colon Cleanse Free Trial](#)

(Take once every evening)

Free Trial Expires **12/12/2010**

Step 2: [Colon Cleanse Trial](#)

USE BOTH THE TRIALS TOGETHER AS I DID TO GET THE BEST RESULTS

The first I heard about Acai Optimum and Colon Cleanse was through another weight loss blog. It was by a lady called Jane who had lost 3 Stone in 12 weeks (which don't get me wrong I would have been more than happy with!)

She discovered the 'double diet'. She tried both the special blend of Acai Optimum tea and Pro Cleanse to increase chances of losing weight, and the two go together extremely well.

When I combined these two methods, I needed to find a way to test it without spending lots of money. I searched for a few days and found some great free trials of products to test.

If you are interested in getting a Free trial, I have listed the links below that I found:

Step 1: [Click Here For A Acai Optimum Free Trial](#) - Trial Expires 12/12/2010 - Use Voucher Code 'TODAYONLY'

Step 2: [Click Here For A Colon Cleanse Free Trial](#) - Trial Expires 12/12/2010 - Use Voucher Code 'DISCOUNTNOW'

Remember....to get the best results the trick is to use them BOTH TOGETHER.

I know how times are tough at the moment so I tracked down a voucher code to reduce shipping to £2.95 on Acai Optimum, just enter the voucher code 'TODAYONLY' on the final page. For Pro Cleanse enter the voucher code 'DISCOUNTNOW' on the last page to get shipping reduced to £2.95 also.

The Breakdown:

So basically I recorded all my Weight loss weekly, these were the results:

= In the first week alone I lost 7 Pounds! By Week 4 I had lost a total of 21 Pounds (1 Stone, 7 Pounds)

= In Month 2 I lost a total of 22 Pounds (I don't have a clue what I done different but a stone is a stone!)

= In My Final Month I Lost 18 Pounds again which bought me to the total of 48 Pounds lost!

= In the Final 3 Weeks I Lost 15 Pounds. This Was A Total Of 76 Pounds In 15 Weeks... and what's more....I have maintained my weight!

My Daily Routine:

So this was my daily routine. I am not going to say I didn't break the rules, as I was still eating quite a lot of carbs but this was how it was done:

The timing is crucial so this is exactly what I done! Here's how I combine them so effectively:

Trial of [Acai Optimum](#) is the first and most important part of my routine. I used Acai Optimum 2 times a day. Morning and at night.

Acai Optimum helps me:

- Regulate my metabolism
- Suppress my hunger during the day
- Boost my energy so I could focus on my kids, job, husband, and just more 'me' time.
- Lose weight from because of the high levels of antioxidants found in the acai berry.
- I got a free 30-day trial of Acai Optimum and I simply love the fact that I can take a couple pills and go on with my day with no worries. This would not work nearly as effective on it's own, as when I combined it with step 2.

Trial of [Colon Cleanse](#) is the second important step in my routine. Without this step I wouldn't have lost the weight the speed that I did. It literally took inches of my waste instantly. I had one colon cleanser every evening so I was still burning calories in my sleep. It really made a crucial difference for cleansing the toxins in my body. While Acai Optimum gives me energy and helps suppress my hunger, My Colon Remedy:

- Removes the harmful toxins in my body
- Removes walls of aged sludge in my colon
- Helped me lose several inches off my waist that exercise couldn't
- Helped reduce my blood pressure and cholesterol levels
- I got free trial packs of Colon Cleanse and I take 1 pill in the morning and 1 in the evening when I take my acai tablets. They are the perfect weight-loss combination, helping me shed flab and cleanse my system of harmful waste build up. (That's why I call it the 'double diet')

Now It's Up To You:

Well I have shown you it can be done....I am not trying to sell a product to you like a sales person... These products have worked on me! I am the proof in the pudding!

Also I have found these Free Trials To enable you to see how effective these products actually are, In the first month alone I lost 1 stone 7 pounds. After Seeing the effect I bought the products but you don't have to.

I used to come up with all the excuses about not being able to lose weight but there is NOW NO EXCUSE! If people want to lose weight they can!

Good Luck!

I actually feel ashamed after just getting back from my summer holiday, I wore a sarong the whole time. I realized that I had to do something about my weight, and this seems like the most common sense way of losing weight. An acai supplement and a colon cleanser. Lets hope next year I can wear my bikini that I used to fit into, thanks for sharing this info Amy x

Ok everyone, so I have had word that the free trials are going to be stopping shortly, maybe in like a week tops! they are going to only be offering the 3, 6 and 9 month packages again.

Apparently some people are trying to get more than 1 free trials Acai Optimum especially. PLEASE ONLY GET ONE FREE TRIAL PER PERSON AS THEY CAN SEE IS YOU HAVE PURCHASED A FREE TRIAL BEFORE THROUGH THEM!

This way hopefully they will keep them going as well giving other people the opportunities to use the free trials to lose weight,

Thanks all,
Amy

@Gemma, good question. After looking into it I found that around 85% of people that sign up for the free trials end up being so happy with these 2 products that they end up buying it. I personally think that the other 15% either just want to lose a little weight so only use the products for the 1 month free trial. This is why they can afford to do it.

@Sarah. Again another good question. And the answer is that by taking the Colon Cleanse tablets in the evening, you will continue to burn calories whilst you are sleeping, so Acai Optimum works actively in the day, and colon cleanse actively at night. A 24 hour process.

Hope this answers your questions. Any more questions please do keep submitting,

Thanks,

Amy

Is there any particular reason why I should take the Colon Cleanse tablets in the evening, only as I remember better taking them in the morning?

Gemma

Why are these companies giving away free trials? I mean how can they afford to?

Don't Break the Bank: A Mom's Trick to Whiter Teeth

STORY HIGHLIGHTS

- Mom discovers trick to get white teeth from home.
- Coupons bring down the cost to less than \$5.
- Combining [BriteWhite](#) & [Illumibrite](#) is the key.

(CPR) -- Amidst the second worst recession in United States history, thrifty consumers are turning to the internet to take advantage of special offers.

Jennifer, an ordinary mom discovered a clever trick to get risk-free trials for under \$5. Thanks to the trick she discovered, thousands of consumers have been able to whiten their teeth from home.

Step 1:

First Get [BriteWhite](#)
(Use our exclusive Promo Code "EverBrite")

Step 2:

Then get [Illumibrite](#)
(Use our exclusive Promo Code "Brite500")

This Is Key:

Use both for results like Jennifer!

Jennifer, an elementary school teacher and full-time mother, is one such consumer. It all started about three months ago when she bought an authentic Coach pocketbook on sale for only \$55 (75% off the retail price) and found a great deal on a set of cookware (50% off the retail price). She was determined to seek out other great offers and recently made her best find. Jennifer uncovered a clever way of combining two different teeth whitening offers from two different companies – [BriteWhite](#) and [Illumibrite](#) - to get similar results to that of professional whitening done by a dentist. Rather than spending \$587 at her local dentist to get a sexy white smile, she did it right from home and for less than \$5 each by using only free* trial offers she found online.

Jennifer: "I like to consider myself a smart shopper, always finding the best bang for my buck. My online teeth whitening discovery was without a doubt one of the best finds I made this year."

How did Jennifer wind up with yellow teeth?

"Honestly, I have no one to blame for this problem but myself. I smoked for 8 years, drink 2 cups of coffee a day (only way to stay awake at work), and love a glass of red wine to help me sleep at night. Also, I'd be lying if I said that I brushed my teeth 3 times a day every day. Although I recently quit smoking and cut back on the amount of coffee I drink every day, my teeth seem to be permanently yellow. I've tried everything out there: "whitening" toothpaste, mouthwash products, you name it. Nothing seemed to work and I only saw a little bit of improvement, if any.

Jennifer's Teeth Closeup:

During the 15 day period Jennifer documented this progress with her camera:

Before and..

AFTER Jennifer applied the 2 Products

the second picture is taken exactly 15 days after the first. Notice the strong difference after applying the 2 trials during that time.

[Medical Video Explaining Cavities](#)

A co-worker of mine suggested that I do some research online before making my next purchase. As an elementary school teacher, my salary is modest; and with a sizeable mortgage to payoff, cost was my number one concern. While searching the Web, I found a couple of teeth whitening companies giving away free* trials that only required that you pay shipping and handling. I decided to order the two products that had the best ratings and the most positive feedback from all the users. I decided to go with [BriteWhite](#) and [Illumibrite](#), both of which had 9/10 ratings

After using the first product, the results were noticeable, but after I paired it with the second product, I was completely blown away. I'm not a medical expert but it appears that each product focused on DIFFERENT parts of the problem and that the second one put the whitening effect into overdrive. By using them both in a row I had absolutely unbelievable results. I can't believe companies are practically giving these products away!"

Jennifer: "I'm an optimist and always look for the silver lining in any situation. While this recession has negatively impacted me like everyone else, my savvy shopping skills got me the smile I always wanted."

Online teeth whitening companies are DESPERATELY seeking new customers and are giving away free* trials as a way to find new clients and unload excess inventory. You can and should take advantage of the downturn in the economy just like Jennifer.

When asked to elaborate on her discovery Jennifer said:

"I was impressed with the results after the first 3 days – but once I saw my teeth after a week, I was absolutely blown away... I knew I was onto something. The trick is to use TWO trial products that complement each other **TOGETHER** to give yourself a whitening smile comparable to that of your favorite actress. First, I use [BriteWhite](#) in the morning. Since it's a tray, I just pop it into my mouth while I'm getting ready and take it out before I leave the house. I simply place it in my mouth so it covers the most surface area. Then, before going to bed at night, I apply [Illumibrite](#) directly on each tooth so it can work its magic while I sleep. It's so easy to use that it's become part of my daily routine!"

Consumer Products Review would like to thank Jennifer for this amazing teeth whitening tip. If you are interested in using Jennifer's trick, we have provided links and coupon code information for the two products she used. After further research, we have learned that these coupon codes will work until November 10, 2010, so you have until November 10, 2010 to obtain these free* trials. Remember, to get results like Jennifer's, you will want to use BOTH products together.

WHITENING IN THE MEDIA

Teeth Whitening: #1 Request From Patients
Tooth whitening is the number 1 concern on patients' minds, according to the American Dental Association.

Self Bleaching Is The New Craze
Most of the celebs on television, movie screens and those in the public eye have gleaming white smiles as a result of bleaching. They have been paying dentists big bucks to have these procedures done.

Just As Effective and Much Cheaper
An informed do-it-yourself approach may be cheaper and, ultimately, just as effective as going to your dentist. Costing \$200 to \$400, the kits work as well as or better than in-office treatments.

WHY WHITEN YOUR TEETH?

Discover the secret to a long lasting brighter, whiter smile with guaranteed results after the **first application**.

As time goes by, your once glossy set of teeth will fade to a yellow less attractive smile due to aging, smoking, genetics, pigments from coffee, red wine, caffeine based sodas

and a host of other consumables. The effects can be devastating on your self esteem. The solution is simple.

A whiter smile will boost your confidence and has an immediate impact on your personal and professional life.

How can I make this reality?

Dramatic advances with at-home teeth whitening has led to a huge wave of extremely happy customers who can now whiten their smiles up to 9 shades lighter, affordably and in the comfort of their home.

An estimated 10 million Americans will spend a whopping \$1.7 Billion on teeth whitening this year. But, the fact is that you don't have to spend a fortune to accomplish the results you desire. Fill out the form above and we will send you an exclusive trial.

Chicago Mom Makes \$6500 a Month at Home

As part of our continued series: "Employment and the Recession: What Do We Need To Know" we research an industry that is booming, in spite of a Recession. Filed by Tina Lewis under Finance.

Many of these online workers are making as much as [\\$275 a day](#) working part time online using nothing but their internet connection and home computer.

Have You Ever Considered Working Online?

Kim Barnes of Chicago, IL never thought that she would consider it, until curiosity got the best of her and she filled out a simple online form. Before she knew it, she discovered her secret to beating the recession, and being able to provide for her family while at home with her three children.

I read Kim's blog last month and decided to feature her story in our weekly consumer report. In our phone interview she told me her amazing story. "I actually make about \$6,000-\$7,000 a month working from home. It's enough to comfortably replace my old job income, especially considering I only work about 15-18 hours a week from home right now.

Working online has been a financial windfall for Kim, who struggled for months to find a decent job but kept hitting dead ends. "I lost my job shortly after the recession hit, I needed reliable income, I was not interested in the "get rich quick" scams you see all over the internet. Those are all pyramid schemes. I just needed a legitimate way to earn a living for me and my family. The best part of working online is that I am always home with the kids, I save a lot of

money."

"I actually make \$6,000 to \$7,000 a month working from home."

- Kim Barnes

I asked her about how she started her remarkable journey. "It was pretty easy, I filled out a short form and applied for a work at home kit. There is a small shipping and handling fee, its not really free but it was under \$3. I got the Kit and within four weeks I was making over \$5,000 a month. It's really simple, I am not a computer whiz, but I can use the internet. I post links that are given to me, I don't even have to sell anything and nobody has to buy anything. They are constantly recruiting people to post links, you should try it." There are over 350 positions available just for Chicago at the time of this report.

These online social giants are worth well over 100 billion dollars and growing. They are the most used social networking and meeting places on the web today and growing faster and faster. These companies have just started hiring people to work at home to keep up with the demand. Why not get in with the internets best and biggest companies.

Now, there are plenty of scams on the internet claiming you can make \$50,000 a month, but that is exactly what they are scams. From my conversation with Kim, "I am making a good salary from home, which is amazing, under a year ago I was jobless in a horrible economy. I thank god every day that I filled out that form."

Quickly, Kim Barnes was able to use the simple [Home Income System](#) to make it out of the recession.

"I have never told anyone they will make millions of dollars. Instead, I believe this is the only site that tells you won't make millions, but you can make legitimate income from home like I did and replace your full time job."

Getting started is easy. Just follow these simple steps below to get started.

As seen on:

Kim Barnes is a regular mom who lost her job last year, after an unsuccessful job hunt she started working online from home. I interviewed her about her amazing story and she revealed her steps for success.

I saw this on TV and how she did this. She was very fortunate to have found this out.

Just FYI on this deal here. You have to have some computer skills, at least be able to use email and such. Then you will be ok.

I was laid off as well and I am hoping this could be a big help right now. I don't trust anything that's not registered with the BBB so it seems to be the perfect opportunity!

Dianna Says: 5:21AM

Thanks Kim, I started a few weeks ago and already got my first checks totaling \$1800, cool.

Bob Says: 11:45AM

I already got my kit and tried it out. It works with all the internet giants and I was able to make about \$500 a week right from the start. I am working right now to double my efforts and my money I hope. It's easy work but you have to have a good internet connection.

Joey Says: 9:52PM

could this be for real? I tried some other thing online and it didn't work out that well for me. I think I made about \$400 a month but that was years ago. I know the internet giants is making money so I will give it a try.

Dana Says: 4:43PM

I'd just like to add my story; I think others would like to hear it. I too was always leery about work at home offers because they always seemed to be scams. But after the recession hit, I was a little frightened. I wanted to have a backup plan just in case. So, I took your advice and got my free kit. It worked like a charm - I was earning money right away! I eventually did get laid off, just as I had feared, but since I had been using Robert Allen's Internet Income System, I had money to fall back on. Now I'm doing better than I had at my job!

Laura's Weight Loss Diary

(15 Comments) Updated: Friday, December 10, 2010

"Here's How I Lost 47 lbs of Stomach Fat In Just 2 Months With 2 Free Diet Products."

Dear fellow reader,

Hello, This is Laura here, and I'm from Chicago, IL. I went from a size 14 to a size 4 in just two months. I know it sounds crazy but it's true! Before I tell you how I did it, I want you to know that my success came only after many diet failures. I think I've tried every diet out there at least once...maybe even twice. I've cut calories, exercised, and mixed a lot of tasteless shakes. Yuck.

Although I've always been able to drop a few pounds here and there, I just couldn't keep the weight off. Every time I started a new diet, I'd lose 3 or 4 pounds the first week and get really excited. (I later found out that this was just water weight.) Then I'd lose a couple pounds the next week. Before long, I'd hit the dreaded plateau, get discouraged, and quit. I was your typical yo-yo dieter.

Then I discovered something amazing.

I admit it. I'm no weight-loss expert. I'm just a mother of three, who went from flabby to fabulous in just 2 short months. See for yourself!

Me Before

Me After

As you can tell from my pictures, I didn't drop just a few pounds. In fact, I lost 47 pounds of stomach fat in record time!

Here's the craziest part of my story. It was easy.

I didn't have to sweat in a gym with strangers and I didn't starve myself. I did something even better.

I used two free products that I saw on TV. I decided to try them and wow! I was blown away by the dramatic results.

As you can see, my transformation was nothing short of phenomenal. My

Acai Berry: Dr. Perricone's #1 Superfood

friends couldn't believe it. They wanted to know my secret. At first, I just told them that I had changed my eating habits because I didn't want to get my hopes up. After all, I had failed so many times before and didn't want to be embarrassed by another failure.

By the end of the first month, however, they weren't buying my "diet" story any longer. I was down 29 pounds! Everyone thought I had gastric bypass surgery, so I had to come clean.

That's when I told them about [GetSlim Acai](#) and [Inside Edge Cleanse](#).

Let me ask you something...

Are You Fighting the Battle of the Bulge?

There's nothing to be embarrassed about. We've all been there.

Maybe you can relate to my story.

Before I got pregnant, I weighed a healthy 132 pounds. I wasn't model thin, but I felt comfortable with my body. During my pregnancy, I gained about 30 pounds. After my son was born, I lost all but 10 pounds.

It was just 10 pounds. Easy to lose, right? Wrong. I tried all kinds of diets to get rid of the weight: Adkins, Weight Watchers, even diet shakes. Nothing worked. Then I got pregnant for the second time. Instead of losing most of the baby fat this time, I kept most of it (or should I say it kept me). It wouldn't budge. I was so depressed. No matter how hard I tried, I couldn't get back into my old clothes again.

Now, you'd think that chasing two active little boys around the house would help me keep me in great shape. It didn't. In fact, I got even heavier. Four years later, I weighed my heaviest at 171 pounds. I was so embarrassed. I was tired, depressed, and I thought it was all my fault. How could I just let myself go like that?

One day when I felt really down about my weight, a friend stopped by for lunch. I told her how depressed I felt, and she admitted that she often felt the same way about her weight.

Here's the funny part: Little did I know that just moments after she left that day, I'd turn on the TV and change my life.

After lunch, I got on the couch, ready to take my afternoon nap. That's when I saw Dr. Oz on the Rachael Ray show talking about the Acai berry. That's the day my life changed forever.

Dr. Oz explained that this new berry from the Amazon, called the Acai (ah-sa-ee), had phenomenal health benefits. Before that day, I had never heard of the Acai berry. Even if I had, I never would have believed it was anything more than a healthy snack. However, the more Dr. Oz talked about it, the more I wanted to know.

I learned that the Acai is better tasting and more powerful than red wine or pomegranate. Here's the real kicker: Acai keeps you from feeling hungry and increases your energy, all at the same time!

The next day, there he was again, Dr. Oz, on another show talking about how colon cleansing helps you lose weight. He had my full attention.

heard of. But studies have shown that this little berry is one of the most nutritious and powerful foods in the world! Acai (ah-sigh-ee) is the high-energy berry of a special Amazon palm tree. Harvested in the rainforests of Brazil, acai tastes like a vibrant blend of berries and chocolate. Hidden within its royal purple pigment is the magic that makes it nature's perfect energy fruit. Acai is packed full of anti-oxidants, amino acids and essential fatty acids."

Then I thought, "What would happen if I used both? Could this be the answer I'd been looking for?"

If one worked, wouldn't it make sense that using them together would work twice as well?

I did a little research and discovered that not only were these two products safe, but [GetSlim Acai](#) and [Inside Edge Cleanse](#) were safe to use together.

Even though the juice is expensive, you don't have to worry about that. I'm going to tell you how to get the same health benefits for free.

If you're frustrated about your weight problems, like I was, here's what you need to know....

It's Not Your Fault.

That's right. If you've tried countless diets and they haven't worked, the problem isn't you. It's what the media has been feeding you.

Losing weight is not about will power. You need to forget what you've been told.

That's why I'm going to let you in on a little-known secret about the diet industry....

They Don't Want You to Keep the Weight Off.

That's right. You see, if you lose weight permanently, they've lost a customer for life. To stay in business, they need repeat buyers. That's why they give you quick fix methods that help you lose water weight, not fat. As soon as you're off the program, BAM! the weight comes back. A few months later, you buy their product again...and so the cycle of yo-yo dieting begins.

I wasn't about to get tricked like that again. It was time to get serious about losing weight.

That's when I went to my doctor.

Here I am on Day 1 of my weight-loss journey.

That's me at my doctor's office getting a body fat measurement before I started using Rachael Ray's and Dr.Oz's recommendation of [GetSlim Acai](#) and [Inside Edge Cleanse](#). My body fat was measured 28.45 percent. As you can see by the picture, I was clearly overweight.

And they're not processing it.
... We are the best health

What scared me even more was the fact that my doctor told me I was at high risk for developing high blood pressure, diabetes, and breast cancer. Now, that's scary.

I knew I had to get started right away. I was happy to find out that I could actually order [GetSlim Acai](#) and [Inside Edge Cleanse](#) free online! Now, I had no excuse not to try them. I placed my order. I could hardly wait to get started.

This is what I discovered after the first week of taking them.

The Fat Just Melts Away!

Here's what I looked like just two months later:

My doctor was amazed. He measured my body fat again 2 months later. My body fat index had dropped to 20.6, which is normal for my height and weight. I could hardly believe it. I hadn't been that thin since high school.

Okay, now, enough about me. Let's talk about how you can lose weight doing what I did.

It's not hard. Just follow these two steps....

Step 1:

Start with [GetSlim Acai](#). CNN, Rachael Ray, and many news networks have covered the health benefits of Acai. [GetSlim Acai](#) is jam-packed with the highest quality Acai you can find on the market today, so don't take a chance on an imitation product.

This is what [GetSlim Acai](#) and [Inside Edge Cleanse](#) does for me:

- * Regulates my metabolism
- * Suppresses my hunger during the day
- * Boosts my energy so I could focus on my kids, job, husband, and just more "me" time
- * Melts away the fat from my body by replacing my cravings for coffee and soda

Now that I don't drink coffee or soda, my teeth are whiter. Another benefit!

The best part is that you can get a bottle of [GetSlim Acai](#) absolutely free just like I did. It's easy to get started. Take it in the morning and forget about it. No more counting calories or measuring portion sizes. Your fat will just melt away.

Step 2:

[Inside Edge Cleanse](#) puts your weight loss into overdrive. (It's important to use both products if you want results like mine.) While [GetSlim Acai](#) gives you energy and suppresses you hunger, Inside Edge Cleanse takes it one step further by:

- * Removing harmful toxins in your body
- * Removing walls of aged sludge in your colon
- * Trimming several inches off your waistline
- * Reducing blood pressure and cholesterol levels

Once you get your free bottle of [Inside Edge Cleanse](#), take 1 pill in the morning and 1 in the evening with the [Acai](#). That's what I did. It's the perfect weight-loss combination! You'll shed flab, cleanse your system, and get amazing results.

Try It for One Month Risk-Free.

My free bottle lasted for about a month. In that time, I dropped 29 pounds! I continued using both products and the next month I lost another 18 pounds.

That's a total of 47 lbs in 2 months!!!

By the end of the second month, I weighed 124 pounds. That's 8 pounds less than I weighed before I got pregnant!

As I sat down to write my story, I thought I should weigh myself to see if I've maintained my weight the same results. I've done even better. I've been on the plan for 4 months now and I'm down to 119 pounds. Amazing.

I no longer feel like I have to take a nap after lunch. It's just the opposite. I've got so much energy! My boys love it. I can keep up with them when they run around the house now. They also say I'm not as cranky as I used to be.

My husband says I look even sexier than the day we met. He loves my new body.

Again, I'm no weight loss expert. I'm just a mom who got sick and tired of feeling sick and tired.

Who knew that Rachael Ray and Dr. Oz would change my life!

I hope my story gives you some hope and motivation to order [GetSlim Acai](#) and [Inside Edge Cleanse](#) like I did.

You'll love your new body.

Even if you've been a diet flunky like me, give them a try. They worked for me, and (after I revealed my secret) they worked for my best friend too.

Did I happen to mention...they're FREE!

P.S - The two free amazing offers above are only available until they run out so it can be pulled any moment from now... I advise you to go and grab those free bottle offers right this minute.

P.P.S - If you do happen to miss out on the free bottle opportunity, than you will need to contact them about it. Usually it's a wait for a month or two for them to get more supplies.

P.P.P.S - I added a clip from Fox news about the Acai Berry. Watch it below.

Please note that the juice form is very expensive, and 5 pills of GetSlim Acai extract equals all the Acai berry in the juice form. This is why I highly recommend you get [GetSlim Acai extracts](#) in pill form with the [colon cleansing formula](#) for added benefits. You'll be amazed how great this diet really is!

Hi there Laura. I was a bit skeptical when I first read about this but as I researched more and more I found out that Acai berry is indeed what Rachael Ray and many scientists say it is. It's one of the secret anti-aging products that nobody seems to want to share. I wouldn't be surprised many celebrities know about this. I requested for the Acai Advance and the Inside Edge Cleanse free 1 month supply and I'm so excited! I cannot wait for them get here!

Natalie

Acai

The Acai berry comes from a species of palm tree native to the Central and South American rain forests. Studies have shown that the Acai berry is considered to be one of the richest fruit sources of antioxidants. (1)

Green Tea Extract

Herbal derivatives from green tea leaves contain many antioxidants primarily known as green tea catechins (GTC).(3) EGCG has been shown to be a natural product for the treatment of obesity.

Garcinia Cambogia

a small fruit that resembles a miniature pumpkin. It has been studied for both appetite suppression and fat loss. It is indigenous to India and parts of Asia.

Apple Cider Vinegar

Apple Cider Vinegar has been used for weight loss for thousands of years. White vinegar helps people feel full.

Kelp

Kelp has been used in China for over 5,000 years. In the 1860's it was discovered that some seaweeds serve as hypermetabolic thyroid stimulants and since have been used for weight loss.

Grapefruit

Grapefruit contains phytochemicals including limonoids and lycopene.(10) Grapefruit antioxidants help the body fight off free radicals and helps promote overall good health.

The Media is **SOLD** on Acai

News MEDIA

Acai berries are among the most nutritious foods of the Amazon, rich in B vitamins, minerals, fiber, protein and omega-3 fatty acids. Acai berries also contain oleic acid (omega-9), a beneficial fatty acid (often mistakenly referred to as essential). (12)

News MEDIA

Studies show that the acai berry is one of the most nutritious foods in the world. Acai pulp contains 10 times more antioxidants than red grapes and 10 to 30 times the anthocyanins of red wine; a synergy of dietary fiber and phytosterols to help promote cardiovascular and digestive health (13)

News MEDIA

Acai is packed full of antioxidants, amino acids and essential omegas. The pulp also contains a concentration of antioxidants, to help combat premature aging, with 10-30 times the anthocyanins of red wine. FEATURED ARTICLE: Parasites Are Everywhere!

Every living being has at least one parasite that lives inside or on it, and many, including human beings have even more!

According to scientists, the food we eat gets broken down and passed through our systems as waste. However, small portions of **waste gather in our colons**, binding to the colon walls, becoming toxic over time. It is our responsibility to cleanse out systems of such toxic matter, thereby lowering our risk of disease and illness.

Feel Lighter & Stay Healthier

It's *not* uncommon for people to carry as much as **thirty pounds of toxic waste** in their colon. In fact, autopsies often reveal colons that are plugged up to 80% with waste material.(1) But you can STOP the cycle. GetSlimPackage is a unique colon cleanser. It contains all natural ingredients that help flush out harmful parasites, impacted waste and toxins from the colon leaving it cleansed and detoxified.*

The Standard American Diet (SAD) for most Americans consists of high levels of fat and foods with high levels of preservatives.(2) When you add to that, pollution, red meat, refined foods and other environmental factors, your insides can become contaminated and leave you feeling yucky and run-down.

An average American will eat 4-6 meals a day and typically will have a bowel-movement every 30 hours. But in our society filled with junk-food, refined food and preservatives, 48 hours is more common. Colons that contain parasites can become impacted with waste that can prevent nutrients for cells from being absorbed. As a result you will tend to eat more in order to get enough nutrition throughout the day which can lead to weight gain.(3)

When it comes to your colon, have you ever considered this simple question...

I Lost 27 Pounds in 1 Month with these Mind-Blowing Products!

Posted on May 18, 2009 at 8:20 am

Hi everyone!! My name is Stacy Thompson from Grosse Pointe, Mi. I am a working mother who has been struggling with extra weight for years. I won't make this sound easy, but losing weight and keeping the pounds off is hard. Not just hard, but one of the toughest tasks in one's life. Between keeping up with my two active daughters and transporting them back and forth to soccer and ballet, as well as managing my full time job – eating right is literally next to impossible. It made my life so much easier to grab a quick burger than to take the time to chop up a salad. Needless to say, those Big Macs and other fried favorites really hurt my waistline.

Thankfully, I recently found an amazing new system that uses an Acai berry supplement and Colon cleansing supplement combined together for unbelievable weight loss results. I lost 27 pounds in 1 month and I am happier, healthier, and sexier than I ever thought I would be

Just how powerful is this system? Below are snapshots of me before and after, just see for yourself. I used 2 free trial products, one called [Acai Optimum](#) and the other called [Advanced Cleanse](#)

The best part about this system is you. Yes, you. The Acai & Colon combo works on everybody, men and women of all ages, body types, regardless of how much weight you have to lose. So today, I challenge you to see for yourself what this revolutionary combo can do. Change your life today, but before you sign up, read how this system changed my life.

Success: The End of my Struggle to Lose Weight & Keep it Off

I had seen two interesting weight loss products on television and had been curious but skeptical about their claims to help users shed unwanted pounds. I used two free trials of these herbal weight loss remedies, [Acai Optimum](#) and [Advanced Cleanse](#). These products skyrocketed me to successful weight loss and a happier, healthier life. Acai is a Most Nutritious food! "Acai berries are among the most nutritious foods of the Amazon, rich in B vitamins, minerals, fiber, protein and omega-3 fatty acids. Acai berries also contain oleic acid (omega-9), a beneficial fatty acid" About Colon Cleanse: "An estimated 57,000 Americans die every year from colon cancer."

Super foods for the New Year!
"Acai is full of

I don't know why I didn't realize that I was getting so fat. Looking back, I like to think I had my "blinders" on. I just settled into a routine of eating whatever was handy and not bothering to notice what I put on my plate. Eight years ago, when I gave birth to my first daughter, I was able to lose all but 15 pounds of the weight I had gained during my pregnancy. I wasn't so happy toting around the extra fifteen pounds, but then all of a sudden, I found myself pregnant with baby number two, and, naturally, even more weight piled on. Nearly six years after my last pregnancy, I was a whopping 40 pounds bigger than I was when I got married.

The Shopping Trip I'll Never Forget!

I remember going into my favorite department store to find a new dress for a special occasion and being astonished to find that I had went up several sizes.

What a wake-up call. I never dreamed that I would ever wear clothes that were this big! All around me in the tiny dressing room, the mirrors didn't lie. I was lumpy and out of shape. I hated my fat stomach, my fat thighs, and my fat bottom – my whole body was now my enemy and I hated it and everything that it represented. I even hated to look at my bloated face in the rearview mirror as I drove to work each morning.

I knew that I had to do something.

I couldn't live my life trapped inside this body that had betrayed me – this suit of fat that would begin to preoccupy my mind when I paged through my favorite magazine and saw all of the trim, sexy women in daring bikinis and sexy lingerie – items that I now cringed at the thought of wearing. I felt ugly and undesirable and began to wonder what my husband still saw in me under these layers of blubber. Something had to change, and it had to change now.

I started out with the typical "fad" diets that were popular at the time. Atkins didn't work for me, I love my pasta and bread too much. South Beach was even worse. I tried various different alleged wonder remedies that promised me that I would be slim and svelte in no time. With each new supplement or plan that I tried, my hopes were high that I would see the attractive and lovable me again. Not so. With each new failure, I became even more discouraged with my situation. And I began to eat even more. Now I was not only packing around pounds of ugly and disgusting fat, but I was depressed and beginning to feel like nothing I could do would ever help me...

The Television Show That Would Totally Turn My Life Around

As luck would have it, I sat down with a big Snicker bar to watch some television when I happened upon a TV talk show that would change my life forever.

Using a combination of two diet supplements that were recommended on this television program, I was able to begin losing the ugly fat that had accumulated over the years. I couldn't believe it – these two simple supplements were all that I needed to jump start my weight loss and rid myself of all of the cumbersome weight that was holding me back and making me feel so bad about myself.

I lost 14 pounds the first week and was astounded by how easy it was to watch the weight fall off, literally. In one month, 14 pounds of nasty fat was gone for good. Now I have reached my goal, I feel sexy and beautiful again, I'm full of life and I cannot begin to tell you how good that feels.

antioxidants, amino acids and essential omegas. A concentration of antioxidants, to help combat premature aging, with 10-30 times the anthocyanins of red wine. Acai has an almost- perfect essential amino acid complex in conjunction with valuable trace minerals..."

Most Nutritious Food! "Studies show that the acai berry is one of the most nutritious foods in the world..." Lose Weight - Avoid Cancer! "Colon cancer is one of the deadliest diseases to affect Americans" "...When colon cancer is caught late, it is survivable only 8% of the time."

6 Healthy Tips to Stay in Shape:

1. Portion control! There is no reason to pile food on your plate! Just take a reasonable amount, and you should be good! Overeating is a huge problem in America because we don't know when to stop!
2. Eat slowly. I know when you are really hungry that can be hard, but if you take time and chew everything slowly, you are less likely to overeat. How crazy is that? Just slow down, and enjoy the food.
3. If you don't like the food, don't eat it. I know that sounds silly, but we tend to just eat whatever is in front of us, whenever it is there. But if you only eat what you really like, that will also cut down on your food intake.
4. Don't park close to the store. I know everyone wants the "prime" parking places, but it won't kill you to walk the extra few hundred feet from the car to the store.
5. Switch it up! Don't eat the same thing every week. Variety is the spice of life, and trying new things is good for your digestion as well!
6. Eat as much fresh food as possible. I know its tough sometimes, but be sure you aren't always eating packaged food. They tend to have much higher amounts of sodium and other bad things for you.

How I combined these 2 Powerful Fat-Fighting Ingredients...

By combining the two products that I had seen profiled on a popular television talk show, I turned my body into a fat burning machine. Because they are safe to use together, I began to reap the benefits of each one for the ultimate weight loss solution.

What made my weight loss journey even better was that I scoured the Internet and found a source to get them both on a free trial – which made me confident that I wasn't spending money on a product that might not work (by this time, I had spent thousands of dollars on supplements, programs, books, meal plans, and more that didn't work at all). So the free trial on the [Acai Optimum](#) and the free trial on the [Advanced Cleanse](#) were great for the inner skeptic who had been "burned" before by big promises.

Here is how I used [Acai Optimum](#) and [Advanced Cleanse](#) together to lose weight.

Step 1: [Acai Optimum](#) Free Trial Offer

The [Acai Optimum](#) is the first step of my miracle combination. During my weight loss, the [Acai Optimum](#) kept me from feeling hungry all day, helping me to avoid snacking and 'grazing' on foods that aren't good for me or my waistline. As it turns out, this powerful was working to regulate my metabolism.

Acai Berry helps me:

- * Burn my fat by enhancing my metabolism
- * Suppress my hunger during the day, and relieves me from

'hunger pain'.

- * Boost my energy so that I can better focus on my family & work.

While using the [Acai Optimum](#), I had tons of energy – I actually felt like playing with my kids again and my husband was amazed when I wanted to go hiking with him – just like we used to before I gained the weight. Being a penny-pincher, I was also thrilled with the fact that I was able to get a thirty day free trial of the [Acai Optimum](#) online, and the was so potent that I needed to just take one dose each day and forget it! It is truly amazing and provided me with remarkable results.

Step 2: [Advanced Cleanse](#) Free Trial Offer

While the [Acai Optimum](#) was hard at work giving me the extra energy I needed to rid myself of my extra weight while regulating my metabolism and making me feel less hungry, the [Advanced Cleanse](#) was removing the toxic sludge, bacteria, parasites, and more that had built up inside my intestinal tract over the years. Using Colon Cleanse helped me:

- * Flatten my stomach like M-A-G-I-C ! 😊
- * Remove pounds of toxic aged sludge that have been piled

up in my colon

since YEARS

[Advanced Cleanse](#) began working with my body to remove years of built up garbage that was making my body perform at a less than optimal level – and removing inches of sludge from the walls of my colon. As “gross” as it may seem, getting rid of this sludge actually helped me shed inches off my waist.

The Best Diet Ever!!

It was unbelievable. I felt like a new person, and when I went for my annual checkup, my blood pressure and cholesterol levels were better than ever – even my doctor was astounded. Once again, I received a free thirty day trial with [Advanced Cleanse](#) as well, so I wasn't out of pocket anything to get started on the path to feeling like a rock star again. I take the [Advanced Cleanse](#) just twice each day, morning and night, and I can really tell a difference throughout my entire body. This stuff is astonishing!

Have you got a few pounds, or even a few hundred pounds of weight to lose? Don't sit there feeling miserable and trapped any longer. Try [Acai Optimum](#) and the [Advanced Cleanse](#). You have nothing to lose but ugly fat that is weighing you down, making you unhealthy, and lowering your self-esteem. Both products have free trials, so you don't have any excuses. Get yours now, it's so simple to lose weight using these products, and you can reclaim your life again.

[Click Here For a Free Trial of Advanced Cleanse](#), UPDATE: Use coupon code **RISKFREE**

P.S. Below is a clip from Fox News explaining the amazing benefits about [Acai Optimum](#). Watch it below.

P.P.S. The Acai Berry from the Fox News segment is extremely expensive. [Acai Optimum](#) is proven to be 3 times as effective as the juice used from this video because [Acai Optimum](#) comes in the purest form of acai. Combine this with [Advanced Cleanse](#) and you will be amazed at your results from this diet combo.

P.P.P.S. Once again I will pose my Weight Challenge: Do something for you. Lose some weight, feel better about yourself, change your life – I know I did! Let me know how everything works out...

Studies have show that people with high-fiber diets tend to weigh less and are less likely to put on weight in future years. It's the key to a healthy colon, and a healthy you!

DESTROY WORMS, PARASITES, AND TOXINS

There can be over 100 different types of parasites worms living in human bodies. Some are microscopic in size while others can be seen quite easily. These common organisms can be found everywhere in our environment, in the air we breath, in the water we drink, or in the food we eat. Protect the body against harmful bacteria, parasites, and other organisms. Flush it all away with PureCleanse colon cleanser.

FLATTEN YOUR TUMMY AND FLUSH POUNDS OF WASTE

Toxic waste is packed into your body daily and can leave you feeling tired, bloated, and weighed down. Pounds and pounds of waste and toxins fill your abdomen and can sit there for years. PureCleanse contains Senna Leaf and other fruit and antioxidant extracts designed to clean out safely and gently over time so you don't have to worry about embarrassing bathroom visits.

GENTLE INTERNAL CLEANSING, COLON CLEANSING AND DETOXIFICATION

Death begins in the colon. Don't believe it? Ask any coroner. Autopsies often reveal colons that are plugged up to 80 percent with waste material. You could be plugging your colon with years of waste. Years of poison.

Constipation is one of the most common gastrointestinal complaints in the United States. More than 4 million Americans have frequent constipation, accounting for 2.5 million physician visits a year.

The colon is a sewerage system, but by neglect and abuse it becomes a cesspool. When it's clean and normal we are well and happy.

Let it stagnate it will:

- > Distill the poisons of decay, fermentation and putrefaction, into the blood, poisoning the brain and nervous systems so that we become mentally depressed and irritable.
- > Poison the heart so that we are weak and listless
- > Poison the lungs so that the breath is foul
- > Poison the digestive organs so that we are distressed and bloated

PureCleanse is designed to gently cleanse your system and keep your body happy and healthy. A gentle cleanse means that you do not experience a large rush of waste, instead works to re-vitalize your colon and body and allow your body to properly process foods and built up waste. As an added bonus you will see fat pounds melt away and your energy and mood boost noticeably.

According to Discover Magazine:

"Every living thing has at least one parasite that lives inside or on it, and many, including humans, HAVE FAR MORE!" A disturbing variety of viruses, bacteria, and organisms stand ready to attack us and feed off our bodies' cells. Food and water are the most common sources of invading organisms. Since most of us eat three times a day and drink water frequently our exposure to these sources is constant.

had my “blindness” on. I just settled into a routine of eating whatever was handy and not bothering to notice what I put on my plate. Eight years ago, when I gave birth to my first daughter, I was able to lose all but 15 pounds of the weight I had gained during my pregnancy. I wasn't so happy toting around the extra fifteen pounds, but then all of a sudden, I found myself pregnant with baby number two, and, naturally, even more weight piled on. Nearly six years after my last pregnancy, I was a whopping 40 pounds bigger than I was when I got married.

The Shopping Trip I'll Never Forget!

I remember going into my favorite department store to find a new dress for a special occasion and being astonished to find that I had went up several sizes.

What a wake-up call. I never dreamed that I would ever wear clothes that were this big! All around me in the tiny dressing room, the mirrors didn't lie. I was lumpy and out of shape. I hated my fat stomach, my fat thighs, and my fat bottom – my whole body was now my enemy and I hated it and everything that it represented. I even hated to look at my bloated face in the rearview mirror as I drove to work each morning.

I knew that I had to do something.

I couldn't live my life trapped inside this body that had betrayed me – this suit of fat that would begin to preoccupy my mind when I paged through my favorite magazine and saw all of the trim, sexy women in daring bikinis and sexy lingerie – items that I now cringed at the thought of wearing. I felt ugly and undesirable and began to wonder what my husband still saw in me under these layers of blubber. Something had to change, and it had to change now.

I started out with the typical “fad” diets that were popular at the time. Atkins didn't work for me, I love my pasta and bread too much. South Beach was even worse. I tried various different alleged wonder remedies that promised me that I would be slim and svelte in no time. With each new supplement or plan that I tried, my hopes were high that I would see the attractive and lovable me again. Not so. With each new failure, I became even more discouraged with my situation. And I began to eat even more. Now I was not only packing around pounds of ugly and disgusting fat, but I was depressed and beginning to feel like nothing I could do would ever help me...

The Television Show That Would Totally Turn My Life Around

As luck would have it, I sat down with a big Snicker bar to watch some television when I happened upon a TV talk show that would change my life forever.

Using a combination of two diet supplements that were recommended on this television program, I was able to begin losing the ugly fat that had accumulated over the years. I couldn't believe it – these two simple supplements were all that I needed to jump start my weight loss and rid myself of all of the cumbersome weight that was holding me back and making me feel so bad about myself.

I lost 14 pounds the first week and was astounded by how easy it was to watch the weight fall off, literally. In one month, 14 pounds of nasty fat was gone for good. Now I have reached my goal, I feel sexy and beautiful again, I'm full of life and I cannot begin to tell you how good that feels.

antioxidants, amino acids and essential omegas. A concentration of antioxidants, to help combat premature aging, with 10-30 times the anthocyanins of red wine. Acai has an almost- perfect essential amino acid complex in conjunction with valuable trace minerals..."

Most Nutritious Food! "Studies show that the acai berry is one of the most nutritious foods in the world..." Lose Weight - Avoid Cancer! "Colon cancer is one of the deadliest diseases to affect Americans" "...When colon cancer is caught late, it is survivable only 8% of the time."

6 Healthy Tips to Stay in Shape:

1. Portion control! There is no reason to pile food on your plate! Just take a reasonable amount, and you should be good! Overeating is a huge problem in America because we don't know when to stop!
2. Eat slowly. I know when you are really hungry that can be hard, but if you take time and chew everything slowly, you are less likely to overeat. How crazy is that? Just slow down, and enjoy the food.
3. If you don't like the food, don't eat it. I know that sounds silly, but we tend to just eat whatever is in front of us, whenever it is there. But if you only eat what you really like, that will also cut down on your food intake.
4. Don't park close to the store. I know everyone wants the "prime" parking places, but it won't kill you to walk the extra few hundred feet from the car to the store.
5. Switch it up! Don't eat the same thing every week. Variety is the spice of life, and trying new things is good for your digestion as well!
6. Eat as much fresh food as possible. I know its tough sometimes, but be sure you aren't always eating packaged food. They tend to have much higher amounts of sodium and other bad things for you.

How I combined these 2 Powerful Fat-Fighting Ingredients...

By combining the two products that I had seen profiled on a popular television talk show, I turned my body into a fat burning machine. Because they are safe to use together, I began to reap the benefits of each one for the ultimate weight loss solution.

What made my weight loss journey even better was that I scoured the Internet and found a source to get them both on a free trial – which made me confident that I wasn't spending money on a product that might not work (by this time, I had spent thousands of dollars on supplements, programs, books, meal plans, and more that didn't work at all). So the free trial on the [Acai Optimum](#) and the free trial on the [Advanced Cleanse](#) were great for the inner skeptic who had been "burned" before by big promises.

Here is how I used [Acai Optimum](#) and [Advanced Cleanse](#) together to lose weight.

Step 1: [Acai Optimum Free Trial Offer](#)

The [Acai Optimum](#) is the first step of my miracle combination. During my weight loss, the [Acai Optimum](#) kept me from feeling hungry all day, helping me to avoid snacking and 'grazing' on foods that aren't good for me or my waistline. As it turns out, this powerful was working to regulate my metabolism.

Acai Berry helps me:

- * Burn my fat by enhancing my metabolism
- * Suppress my hunger during the day, and relieves me from

'hunger pain'.

* Boost my energy so that I can better focus on my family & work.

While using the [Acai Optimum](#), I had tons of energy – I actually felt like playing with my kids again and my husband was amazed when I wanted to go hiking with him – just like we used to before I gained the weight. Being a penny-pincher, I was also thrilled with the fact that I was able to get a thirty day free trial of the [Acai Optimum](#) online, and the was so potent that I needed to just take one dose each day and forget it! It is truly amazing and provided me with remarkable results.

Step 2: [Advanced Cleanse Free Trial Offer](#)

While the [Acai Optimum](#) was hard at work giving me the extra energy I needed to rid myself of my extra weight while regulating my metabolism and making me feel less hungry, the [Advanced Cleanse](#) was removing the toxic sludge, bacteria, parasites, and more that had built up inside my intestinal tract over the years. Using Colon Cleanse helped me:

- * Flatten my stomach like M-A-G-I-C ! 😊
- * Remove pounds of toxic aged sludge that have been piled

up in my colon

since YEARS

[Advanced Cleanse](#) began working with my body to remove years of built up garbage that was making my body perform at a less than optimal level – and removing inches of sludge from the walls of my colon. As “gross” as it may seem, getting rid of this sludge actually helped me shed inches off my waist.

The Best Diet Ever!!

It was unbelievable. I felt like a new person, and when I went for my annual checkup, my blood pressure and cholesterol levels were better than ever – even my doctor was astounded. Once again, I received a free thirty day trial with [Advanced Cleanse](#) as well, so I wasn't out of pocket anything to get started on the path to feeling like a rock star again. I take the [Advanced Cleanse](#) just twice each day, morning and night, and I can really tell a difference throughout my entire body. This stuff is astonishing!

Have you got a few pounds, or even a few hundred pounds of weight to lose? Don't sit there feeling miserable and trapped any longer. Try [Acai Optimum](#) and the [Advanced Cleanse](#). You have nothing to lose but ugly fat that is weighing you down, making you unhealthy, and lowering your self-esteem. Both products have free trials, so you don't have any excuses. Get yours now, it's so simple to lose weight using these products, and you can reclaim your life again.

P.S. Below is a clip from Fox News explaining the amazing benefits about [Acai Optimum](#) . Watch it below.

P.P.S. The Acai Berry from the Fox News segment is extremely expensive. [Acai Optimum](#) is proven to be 3 times as effective as the juice used from this video because [Acai Optimum](#) comes in the purest form of acai. Combine this with [Advanced Cleanse](#) and you will be amazed at your results from this diet combo.

P.P.P.S. Once again I will pose my Weight Challenge: Do something for you. Lose some weight, feel better about yourself, change your life – I know I did! Let me know how everything works out...
