Through scientific innovation we are changing the paradigm of weight loss with LeanSpa.

PROPER weight loss is more than just weight loss. Loss of muscle and bone weight is deleterious. PROPER weight loss means the weight that is lost is fat - not muscle and bone. We developed LeanSpa specifically with this concept in mind. LeanSpa is the first of 3 novel products that will be launched in 2010 - first quarter 2011.

want to hear from you!
We handle emails 7 days a week, 24 hours a day. Contact a customer service representative now at support@leanspa.com
