**STIPULATED ORDER FOR
PERMANENT INJUNCTION AND
CIVIL PENALTY JUDGMENT**

Plaintiffs, the Federal Trade Commission (“FTC” or “Commission”) and The People of the State of New York (“State of New York”) (collectively, “Plaintiffs”) filed their Complaint for Permanent Injunction, Civil Penalties, and Other Relief (“Complaint”) in this matter, pursuant to Sections 13(b) and 16(a)(1) of the Federal Trade Commission Act (“FTC Act”), 15 U.S.C. §§ 53(b) and 56(a)(1), the Children’s Online Privacy Protection Act (“COPPA”), 15 U.S.C. §§ 6502(c), 6504(a)(1), and 6505(d), and the Commission’s Children’s Online Privacy Protection Rule (“Rule” or “COPPA Rule”), 16 C.F.R. Part 312. Defendants have waived service of the summons and the Complaint. Plaintiffs and Defendants stipulate to the entry of this Stipulated Order for Permanent Injunction and Civil Penalty Judgment (“Order”) to resolve all matters in dispute in this action between them.

THEREFORE, IT IS ORDERED as follows:

FINDINGS

1. This Court has jurisdiction over this matter.
2. 3. Defendants neither admit nor deny any of the allegations in the Complaint, except as specifically stated in this Order. Only for purposes of this action, Defendants admit the facts necessary to establish jurisdiction.
4. Defendants waive any claim that they may have under the Equal Access to Justice Act, 28 U.S.C. § 2412, concerning the prosecution of this action through the date of this Order, and agree to bear their own costs and attorney fees.

Online contact information means an email address or any other substantially similar identifier that permits direct contact with a person online, including but not limited to, an instant messaging user identifier, a voice over internet protocol (VOIP) identifier, or a video chat user identifier.

Operator means any person who operates a Web site located on the Internet or an online service and who collects or maintains personal information from or about the users of or visitors to such Web site or online service, or on whose behalf such information is collected or maintained, or offers products or services for sale through that Web site or online service, where such Web site or online service is operated for commercial purposes involving commerce among the several States or with 1 or more foreign nations; in any territory of the United States or in the District of Columbia, or between any such territory and another such territory or any State or foreign nation; or between the District of Columbia and any State, territory, or foreign nation. This definition does not include any nonprofit entity that would otherwise be exempt from coverage under Section 5 of the Federal Trade Commission Act (15 U.S.C. 45). Personal information is *collected or maintained on behalf of an operator* when:

(1) It is collected or maintained by an agent or service provider of the operator; or

(2) The operator benefits by allowing another person to collect personal information directly from users of such Web site or online service.

Parent includes a legal guardian.

Person means any individual, partnership, corporation, trust, estate, cooperative, association, or other entity.

Personal information means individually identifiable information about an individual collected online, including:

(1) A first and last name;

(2) A home or other physical address including street name and name of a city or town;

(3) Online contact information as defined in this section;

(4) A screen or user name where it functions in the same manner as online contact information, as defined in this section;

(5) A telephone number;

(6) A Social Security number;

(7) A persistent identifier that can be used to recognize a user over time and across different Web sites or online services. Such persistent identifier includes, but is not limited to, a customer number held in a cookie, an Internet Protocol (IP) address, a processor or device serial number, or unique device identifier;

(8) A photograph, video, or audio file where such file contains a child's image or voice;

(9) Geolocation information sufficient to identify street name and name of a city or town; or

(10) Information concerning the child or the parents of that child that the operator collects online from the child and combines with an identifier described in this definition.

Release of personal information means the sharing, selling, renting, or transfer of personal information to any third party.

Support for the internal operations of the Web site or online service means:

(1) Those activities necessary to:

(i) Maintain or analyze the functioning of the Web site or online service;

(v) Protect the security or integrity of the user, Web site, or online service;

(vi) Ensure legal or regulatory compliance; or

(vii) Fulfill a request of a child as permitted by § 312.5(c)(3) and (4);

(2) So long as The information collected for the activities listed in paragraphs (1)(i)–(vii) of this definition is not used or disclosed to contact a specific individual, including through behavioral advertising, to amass a

profile on a specific individual, or for any other purpose.

Third party means any person who is not:

(1) An operator with respect to the collection or maintenance of personal information on the Web site or online service; or

(2) A person who provides support for the internal operations of the Web site or online service and who does not use or disclose information protected under this part for any other purpose.

Web site or online service directed to children means a commercial Web site or online service, or portion thereof, that is targeted to children.

(1) In determining whether a Web site or online service, or a portion thereof, is directed to children, the Commission will consider its subject matter, visual content, use of animated characters or child-oriented activities and incentives, music or other audio content, age of models, presence of child celebrities or celebrities who appeal to children, language or other characteristics of the Web site or online service, as well as whether advertising promoting or appearing on the Web site or online service is directed to children. The Commission will also consider competent and reliable empirical evidence regarding audience composition, and evidence regarding the intended audience.

(2) A Web site or online service shall be deemed directed to children when it has actual knowledge that it is collecting personal information directly from users of another Web site or online service directed to children.

(3) A Web site or online service that is directed to children under the criteria set forth in paragraph (1) of this definition, but that does not target children as its primary audience, shall not be deemed directed to children if it:

(i) Does not collect personal information from any visitor prior to collecting age information; and

(ii) Prevents the collection, use, or disclosure of personal information from visitors who identify themselves as under age 13 without first complying with the notice and parental consent provisions of this part.

(4) A Web site or online service shall not be deemed directed to children solely because it refers or links to a commercial Web site or online service directed to children by using information location tools, including a directory, index, reference, pointer, or hypertext link.

§ 312.3 Regulation of unfair or deceptive acts or practices in connection with the collection, use, and/or disclosure of personal information from and about children on the Internet.

General requirements. It shall be unlawful for any operator of a Web site or online service directed to children, or any operator that has actual knowledge that it is collecting or maintaining personal information from a child, to collect personal information from a child in a manner that violates the regulations prescribed under this part. Generally, under this part, an operator must:

(a) Provide notice on the Web site or online service of what information it collects from children, how it uses such information, and its disclosure practices for such information (§ 312.4(b));

(b) Obtain verifiable parental consent prior to any collection, use, and/or disclosure of personal information from children (§ 312.5);

(c) Provide a reasonable means for a parent to review the personal information collected from a child and to refuse to permit its further use or maintenance (§ 312.6);

(d) Not condition a child's participation in a game, the offering of a prize, or another activity on the child disclosing more personal information than is reasonably necessary to participate in such activity (§ 312.7); and

(e) Establish and maintain reasonable procedures to protect the confidentiality, security, and integrity of personal information collected from children (§ 312.8).

§ 312.4 Notice.

(a) *General principles of notice.* It shall be the obligation of the operator to provide notice and obtain verifiable parental consent prior to collecting, using, or disclosing personal information from children. Such notice must be clearly and understandably written, complete, and must contain no unrelated, confusing, or contradictory materials.

(b) *Direct notice to the parent.* An operator must make reasonable efforts, taking into account available technology, to ensure that a parent of a child receives direct notice of the operator's practices with regard to the collection, use, or disclosure of personal information from children, including notice of any material change in the collection, use, or disclosure practices to which the parent has previously consented.

(c) *Content of the direct notice to the parent—(1) Content of the direct notice to the parent under § 312.5(c)(1) (Notice*

to Obtain Parent's Affirmative Consent to the Collection, Use, or Disclosure of a Child's Personal Information). This direct notice shall set forth:

(i) That the operator has collected the parent's online contact information from the child, and, if such is the case, the name of the child or the parent, in order to obtain the parent's consent;

(ii) That the parent's consent is required for the collection, use, or disclosure of such information, and that the operator will not collect, use, or disclose any personal information from the child if the parent does not provide such consent;

(iii) The additional items of personal information the operator intends to collect from the child, or the potential opportunities for the disclosure of personal information, should the parent provide consent;

(iv) A hyperlink to the operator's online notice of its information practices required under paragraph (d) of this section;

(v) The means by which the parent can provide verifiable consent to the collection, use, and disclosure of the information; and

(vi) That if the parent does not provide consent within a reasonable time from the date the direct notice was sent, the operator will delete the parent's online contact information from its records.

(2) *Content of the direct notice to the parent under § 312.5(c)(2) (Voluntary Notice to Parent of a Child's Online Activities Not Involving the Collection, Use or Disclosure of Personal Information).* Where an operator chooses to notify a parent of a child's participation in a Web site or online service, and where such site or service does not collect any personal information other than the parent's online contact information, the direct notice shall set forth:

(i) That the operator has collected the parent's online contact information from the child in order to provide notice to, and subsequently update the parent about, a child's participation in a Web site or online service that does not otherwise collect, use, or disclose children's personal information;

(ii) That the parent's online contact information will not be used or disclosed for any other purpose;

(iii) That the parent may refuse to permit the child's participation in the Web site or online service and may require the deletion of the parent's online contact information, and how the parent can do so; and

(iv) A hyperlink to the operator's online notice of its information

practices required under paragraph (d) of this section.

(3) *Content of the direct notice to the parent under § 312.5(c)(4) (Notice to a Parent of Operator's Intent to Communicate with the Child Multiple Times).* This direct notice shall set forth:

(i) That the operator has collected the child's online contact information from the child in order to provide multiple online communications to the child;

(ii) That the operator has collected the parent's online contact information from the child in order to notify the parent that the child has registered to receive multiple online communications from the operator;

(iii) That the online contact information collected from the child will not be used for any other purpose, disclosed, or combined with any other information collected from the child;

(iv) That the parent may refuse to permit further contact with the child and require the deletion of the parent's and child's online contact information, and how the parent can do so;

(v) That if the parent fails to respond to this direct notice, the operator may use the online contact information collected from the child for the purpose stated in the direct notice; and

(vi) A hyperlink to the operator's online notice of its information practices required under paragraph (d) of this section.

(4) *Content of the direct notice to the parent required under § 312.5(c)(5) (Notice to a Parent In Order to Protect a Child's Safety).* This direct notice shall set forth:

(i) That the operator has collected the name and the online contact information of the child and the parent in order to protect the safety of a child;

(ii) That the information will not be used or disclosed for any purpose unrelated to the child's safety;

(iii) That the parent may refuse to permit the use, and require the deletion, of the information collected, and how the parent can do so;

(iv) That if the parent fails to respond to this direct notice, the operator may use the information for the purpose stated in the direct notice; and

(v) A hyperlink to the operator's online notice of its information practices required under paragraph (d) of this section.

(d) *Notice on the Web site or online service.* In addition to the direct notice to the parent, an operator must post a prominent and clearly labeled link to an online notice of its information practices with regard to children on the home or landing page or screen of its Web site or online service, and, at each area of the Web site or online service

where personal information is collected from children. The link must be in close proximity to the requests for information in each such area. An operator of a general audience Web site or online service that has a separate children's area must post a link to a notice of its information practices with regard to children on the home or landing page or screen of the children's area. To be complete, the online notice of the Web site or online service's information practices must state the following:

(1) The name, address, telephone number, and email address of all operators collecting or maintaining personal information from children through the Web site or online service. *Provided that:* The operators of a Web site or online service may list the name, address, phone number, and email address of one operator who will respond to all inquiries from parents concerning the operators' privacy policies and use of children's information, as long as the names of all the operators collecting or maintaining personal information from children through the Web site or online service are also listed in the notice;

(2) A description of what information the operator collects from children, including whether the Web site or online service enables a child to make personal information publicly available; how the operator uses such information; and, the operator's disclosure practices for such information; and

(3) That the parent can review or have deleted the child's personal information, and refuse to permit further collection or use of the child's information, and state the procedures for doing so.

§ 312.5 Parental consent.

(a) *General requirements.* (1) An operator is required to obtain verifiable parental consent before any collection, use, or disclosure of personal information from children, including consent to any material change in the collection, use, or disclosure practices to which the parent has previously consented.

(2) An operator must give the parent the option to consent to the collection and use of the child's personal information without consenting to disclosure of his or her personal information to third parties.

(b) *Methods for verifiable parental consent.* (1) An operator must make reasonable efforts to obtain verifiable parental consent, taking into consideration available technology. Any method to obtain verifiable parental consent must be reasonably calculated,

in light of available technology, to ensure that the person providing consent is the child's parent. (2) Existing methods to obtain verifiable parental consent that satisfy the requirements of this paragraph include:

(i) Providing a consent form to be signed by the parent and returned to the operator by postal mail, facsimile, or electronic scan;

(ii) Requiring a parent, in connection with a monetary transaction, to use a credit card, debit card, or other online payment system that provides notification of each discrete transaction to the primary account holder;

(iii) Having a parent call a toll-free telephone number staffed by trained personnel;

(iv) Having a parent connect to trained personnel via video-conference;

(v) Verifying a parent's identity by checking a form of government-issued identification against databases of such information, where the parent's identification is deleted by the operator from its records promptly after such verification is complete; or

(vi) *Provided that,* an operator that does not "disclose" (as defined by § 312.2) children's personal information, may use an email coupled with additional steps to provide assurances that the person providing the consent is the parent. Such additional steps include: Sending a confirmatory email to the parent following receipt of consent, or obtaining a postal address or telephone number from the parent and confirming the parent's consent by letter or telephone call. An operator that uses this method must provide notice that the parent can revoke any consent given in response to the earlier email.

(3) *Safe harbor approval of parental consent methods.* A safe harbor program approved by the Commission under § 312.11 may approve its member operators' use of a parental consent method not currently enumerated in paragraph (b)(2) of this section where the safe harbor program determines that such parental consent method meets the requirements of paragraph (b)(1) of this section.

(c) *Exceptions to prior parental consent.* Verifiable parental consent is required prior to any collection, use, or disclosure of personal information from a child *except* as set forth in this paragraph:

(1) Where the sole purpose of collecting the name or online contact information of the parent or child is to provide notice and obtain parental consent under § 312.4(c)(1). If the operator has not obtained parental consent after a reasonable time from the date of the information collection, the

operator must delete such information from its records;

(2) Where the purpose of collecting a parent's online contact information is to provide voluntary notice to, and subsequently update the parent about, the child's participation in a Web site or online service that does not otherwise collect, use, or disclose children's personal information. In such cases, the parent's online contact information may not be used or disclosed for any other purpose. In such cases, the operator must make reasonable efforts, taking into consideration available technology, to ensure that the parent receives notice as described in § 312.4(c)(2);

(3) Where the sole purpose of collecting online contact information from a child is to respond directly on a one-time basis to a specific request from the child, and where such information is not used to re-contact the child or for any other purpose, is not disclosed, and is deleted by the operator from its records promptly after responding to the child's request;

(4) Where the purpose of collecting a child's and a parent's online contact information is to respond directly more than once to the child's specific request, and where such information is not used for any other purpose, disclosed, or combined with any other information collected from the child. In such cases, the operator must make reasonable efforts, taking into consideration available technology, to ensure that the parent receives notice as described in § 312.4(c)(3). An operator will not be deemed to have made reasonable efforts to ensure that a parent receives notice where the notice to the parent was unable to be delivered;

(5) Where the purpose of collecting a child's and a parent's name and online contact information, is to protect the safety of a child, and where such information is not used or disclosed for any purpose unrelated to the child's safety. In such cases, the operator must make reasonable efforts, taking into consideration available technology, to provide a parent with notice as described in § 312.4(c)(4);

(6) Where the purpose of collecting a child's name and online contact information is to:

(i) Protect the security or integrity of its Web site or online service;

(ii) Take precautions against liability;

(iii) Respond to judicial process; or

(iv) To the extent permitted under other provisions of law, to provide information to law enforcement agencies or for an investigation on a matter related to public safety; and where such information is not be used for any other purpose;

(7) Where an operator collects a persistent identifier and no other personal information and such identifier is used for the sole purpose of providing support for the internal operations of the Web site or online service. In such case, there also shall be no obligation to provide notice under § 312.4; or

(8) Where an operator covered under paragraph (2) of the definition of *Web site or online service directed to children* in § 312.2 collects a persistent identifier and no other personal information from a user who affirmatively interacts with the operator and whose previous registration with that operator indicates that such user is not a child. In such case, there also shall be no obligation to provide notice under § 312.4.

§ 312.6 Right of parent to review personal information provided by a child.

(a) Upon request of a parent whose child has provided personal information to a Web site or online service, the operator of that Web site or online service is required to provide to that parent the following:

(1) A description of the specific types or categories of personal information collected from children by the operator, such as name, address, telephone number, email address, hobbies, and extracurricular activities;

(2) The opportunity at any time to refuse to permit the operator's further use or future online collection of personal information from that child, and to direct the operator to delete the child's personal information; and

(3) Notwithstanding any other provision of law, a means of reviewing any personal information collected from the child. The means employed by the operator to carry out this provision must:

(i) Ensure that the requestor is a parent of that child, taking into account available technology; and

(ii) Not be unduly burdensome to the parent.

(b) Neither an operator nor the operator's agent shall be held liable under any Federal or State law for any disclosure made in good faith and following reasonable procedures in responding to a request for disclosure of personal information under this section.

(c) Subject to the limitations set forth in § 312.7, an operator may terminate any service provided to a child whose parent has refused, under paragraph (a)(2) of this section, to permit the operator's further use or collection of personal information from his or her child or has directed the operator to delete the child's personal information.

§ 312.7 Prohibition against conditioning a child's participation on collection of personal information.

An operator is prohibited from conditioning a child's participation in a game, the offering of a prize, or another activity on the child's disclosing more personal information than is reasonably necessary to participate in such activity.

§ 312.8 Confidentiality, security, and integrity of personal information collected from children.

The operator must establish and maintain reasonable procedures to protect the confidentiality, security, and integrity of personal information collected from children. The operator must also take reasonable steps to release children's personal information only to service providers and third parties who are capable of maintaining the confidentiality, security and integrity of such information, and who provide assurances that they will maintain the information in such a manner.

§ 312.9 Enforcement.

Subject to sections 6503 and 6505 of the Children's Online Privacy Protection Act of 1998, a violation of a regulation prescribed under section 6502 (a) of this Act shall be treated as a violation of a rule defining an unfair or deceptive act or practice prescribed under section 18(a)(1)(B) of the Federal Trade Commission Act (15 U.S.C. 57a(a)(1)(B)).

§ 312.10 Data retention and deletion requirements.

An operator of a Web site or online service shall retain personal information collected online from a child for only as long as is reasonably necessary to fulfill the purpose for which the information was collected. The operator must delete such information using reasonable measures to protect against unauthorized access to, or use of, the information in connection with its deletion.

§ 312.11 Safe harbor programs.

(a) *In general.* Industry groups or other persons may apply to the Commission for approval of self-regulatory program guidelines ("safe harbor programs"). The application shall be filed with the Commission's Office of the Secretary. The Commission will publish in the **Federal Register** a document seeking public comment on the application. The Commission shall issue a written determination within 180 days of the filing of the application.

(b) *Criteria for approval of self-regulatory program guidelines.* Proposed safe harbor programs must demonstrate

that they meet the following performance standards:

(1) Program requirements that ensure operators subject to the self-regulatory program guidelines ("subject operators") provide substantially the same or greater protections for children as those contained in §§ 312.2 through 312.8, and 312.10.

(2) An effective, mandatory mechanism for the independent assessment of subject operators' compliance with the self-regulatory program guidelines. At a minimum, this mechanism must include a comprehensive review by the safe harbor program, to be conducted not less than annually, of each subject operator's information policies, practices, and representations. The assessment mechanism required under this paragraph can be provided by an independent enforcement program, such as a seal program.

(3) Disciplinary actions for subject operators' non-compliance with self-regulatory program guidelines. This performance standard may be satisfied by:

- (i) Mandatory, public reporting of any action taken against subject operators by the industry group issuing the self-regulatory guidelines;
- (ii) Consumer redress;
- (iii) Voluntary payments to the United States Treasury in connection with an industry-directed program for violators of the self-regulatory guidelines;
- (iv) Referral to the Commission of operators who engage in a pattern or practice of violating the self-regulatory guidelines; or
- (v) Any other equally effective action.

(c) *Request for Commission approval of self-regulatory program guidelines.* A proposed safe harbor program's request for approval shall be accompanied by the following:

(1) A detailed explanation of the applicant's business model, and the technological capabilities and mechanisms that will be used for initial and continuing assessment of subject operators' fitness for membership in the safe harbor program;

(2) A copy of the full text of the guidelines for which approval is sought and any accompanying commentary;

(3) A comparison of each provision of §§ 312.2 through 312.8, and 312.10 with the corresponding provisions of the guidelines; and

(4) A statement explaining:

(i) How the self-regulatory program guidelines, including the applicable assessment mechanisms, meet the requirements of this part; and

(ii) How the assessment mechanisms and compliance consequences required

under paragraphs (b)(2) and (b)(3) provide effective enforcement of the requirements of this part.

(d) *Reporting and recordkeeping requirements.* Approved safe harbor programs shall:

(1) By July 1, 2014, and annually thereafter, submit a report to the Commission containing, at a minimum, an aggregated summary of the results of the independent assessments conducted under paragraph (b)(2) of this section, a description of any disciplinary action taken against any subject operator under paragraph (b)(3) of this section, and a description of any approvals of member operators' use of a parental consent mechanism, pursuant to § 312.5(b)(4);

(2) Promptly respond to Commission requests for additional information; and

(3) Maintain for a period not less than three years, and upon request make available to the Commission for inspection and copying:

(i) Consumer complaints alleging violations of the guidelines by subject operators;

(ii) Records of disciplinary actions taken against subject operators; and

(iii) Results of the independent assessments of subject operators' compliance required under paragraph (b)(2) of this section.

(e) *Post-approval modifications to self-regulatory program guidelines.* Approved safe harbor programs must submit proposed changes to their guidelines for review and approval by the Commission in the manner required for initial approval of guidelines under paragraph (c)(2) of this section. The statement required under paragraph (c)(4) of this section must describe how the proposed changes affect existing provisions of the guidelines.

(f) *Revocation of approval of self-regulatory program guidelines.* The Commission reserves the right to revoke any approval granted under this section if at any time it determines that the approved self-regulatory program guidelines or their implementation do not meet the requirements of this part. Safe harbor programs that were approved prior to the publication of the Final Rule amendments must, by March 1, 2013, submit proposed modifications to their guidelines that would bring them into compliance with such amendments, or their approval shall be revoked.

(g) *Operators' participation in a safe harbor program.* An operator will be deemed to be in compliance with the requirements of §§ 312.2 through 312.8, and 312.10 if that operator complies with Commission-approved safe harbor program guidelines. In considering whether to initiate an investigation or

bring an enforcement action against a subject operator for violations of this part, the Commission will take into account the history of the subject operator's participation in the safe harbor program, whether the subject operator has taken action to remedy such non-compliance, and whether the operator's non-compliance resulted in any one of the disciplinary actions set forth in paragraph (b)(3).

§ 312.12 Voluntary Commission Approval Processes.

(a) *Parental consent methods.* An interested party may file a written request for Commission approval of parental consent methods not currently enumerated in § 312.5(b). To be considered for approval, a party must provide a detailed description of the proposed parental consent methods, together with an analysis of how the methods meet § 312.5(b)(1). The request shall be filed with the Commission's Office of the Secretary. The Commission will publish in the **Federal Register** a document seeking public comment on the request. The Commission shall issue a written determination within 120 days of the filing of the request; and

(b) *Support for internal operations of the Web site or online service.* An interested party may file a written request for Commission approval of additional activities to be included within the definition of support for internal operations. To be considered for approval, a party must provide a detailed justification why such activities should be deemed support for internal operations, and an analysis of their potential effects on children's online privacy. The request shall be filed with the Commission's Office of the Secretary. The Commission will publish in the **Federal Register** a document seeking public comment on the request. The Commission shall issue a written determination within 120 days of the filing of the request.

§ 312.13 Severability.

The provisions of this part are separate and severable from one another. If any provision is stayed or determined to be invalid, it is the Commission's intention that the remaining provisions shall continue in effect.

By direction of the Commission, Commissioner Rosch abstaining, and Commissioner Ohlhausen dissenting.

Donald S. Clark,
Secretary.

Dissenting Statement of Commissioner Maureen K. Ohlhausen

I voted against adopting the amendments to the Children's Online Privacy Protection Act (COPPA) Rule because I believe a core provision of the amendments exceeds the scope of the authority granted us by Congress in COPPA, the statute that underlies and authorizes the Rule.⁴⁰¹ Before I explain my concerns, I wish to commend the Commission staff for their careful consideration of the multitude of issues raised by the numerous comments in this proceeding. Much of the language of the amendments is designed to preserve flexibility for the industry while striving to protect children's privacy, a goal I support strongly. The final proposed amendments largely strike the right balance between protecting children's privacy online and avoiding undue burdens on providers of children's online content and services. The staff's great expertise in the area of children's privacy and deep understanding of the values at stake in this matter have been invaluable in my consideration of these important issues.

In COPPA Congress defined who is an operator and thereby set the outer boundary for the statute's and the COPPA Rule's reach.⁴⁰² It is undisputed that COPPA places obligations on operators of Web sites or online services directed to children or operators with actual knowledge that they are collecting personal information from

⁴⁰¹ 15 U.S.C. 6501–6506.

⁴⁰² COPPA, 15 U.S.C. 6501(2), defines the term "operator" as "any person who operates a Web site located on the Internet or an online service and who collects or maintains personal information from or about users of or visitors to such Web site or online service, or on whose behalf such information is collected and maintained * * *". As stated in the Statement of Basis and Purpose for the original COPPA Rule, "The definition of 'operator' is of central importance because it determines who is covered by the Act and the Rule." Children's Online Privacy Protection Rule 64 FR 59888, 59891 (Nov. 3, 1999) (final rule).

children. The statute provides, "It is unlawful for an operator of a Web site or online service directed to children, or any operator that has actual knowledge that it is collecting personal information from a child, to collect personal information from a child in a manner that violates the regulations prescribed [by the FTC]."⁴⁰³

The Statement of Basis and Purpose for the amendments (SBP) discusses concerns that the current COPPA Rule may not cover child-directed Web sites or services that do not themselves collect children's personal information but may incorporate third-party plug-ins that collect such information⁴⁰⁴ for the plug-ins' use but do not collect or maintain the information for, or share it with, the child-directed site or service. To address these concerns, the amendments add a new proviso to the definition of operator in the COPPA Rule: "Personal information is collected or maintained on behalf of an operator when: (a) it is collected or maintained by an agent or service provider of the operator; or (b) the operator benefits by allowing another person to collect personal information directly from users of such Web site or online service."⁴⁰⁵

The proposed amendments construe the term "on whose behalf such information is collected and maintained" to reach child-directed Web sites or services that merely derive from a third-party plug-in some kind of benefit, which may well be unrelated to the collection and use of children's

⁴⁰³ 15 U.S.C. 6502(a)(1).

⁴⁰⁴ If the third-party plug-ins are child-directed or have actual knowledge that they are collecting children's personal information they are already expressly covered by the COPPA statute. Thus, as the SBP notes, a behavioral advertising network that targets children under the age of 13 is already deemed an operator. The amendment must therefore be aimed at reaching third-party plug-ins that are either not child-directed or do not have actual knowledge that they are collecting children's personal information, which raises a question about what harm this amendment will address. For example, it appears that this same type of harm could occur through general audience Web sites and online services collecting and using visitors' personal information without knowing whether some of the data is children's personal information, which is a practice that COPPA and the amendments do not prohibit.

⁴⁰⁵ 16 CFR 312.2 (Definitions).

information (e.g., content, functionality, or advertising revenue). I find that this proviso—which would extend COPPA obligations to entities that do not collect personal information from children or have access to or control of such information collected by a third-party does not comport with the plain meaning of the statutory definition of an operator in COPPA, which covers only entities "on whose behalf such information is collected and maintained."⁴⁰⁶ In other words, I do not believe that the fact that a child-directed site or online service receives any kind of benefit from using a plug-in is equivalent to the collection of personal information by the third-party plug-in on behalf of the child-directed site or online service.

As the Supreme Court has directed, an agency "must give effect to the unambiguously expressed intent of Congress."⁴⁰⁷ Thus, regardless of the policy justifications offered, I cannot support expanding the definition of the term "operator" beyond the statutory parameters set by Congress in COPPA.

I therefore respectfully dissent.

BILLING CODE 6750–01–P

⁴⁰⁶ This expanded definition of operator reverses the Commission's previous conclusion that the appropriate test for determining an entity's status as an operator is to "look at the entity's relationship to the data collected," using factors such as "who owns and/or controls the information, who pays for its collection and maintenance, the pre-existing contractual relationships regarding collection and maintenance of the information, and the role of the Web site or online service in collecting and/or maintaining the information (i.e., whether the site participates in collection or is merely a conduit through which the information flows to another entity.)" Children's Online Privacy Protection Rule 64 FR 59888, 59893, 59891 (Nov. 3, 1999) (final rule).

⁴⁰⁷ *Chevron v. Natural Resources Defense Council, Inc.*, 467 U.S. 837, 842–43 (1984) ("When a court reviews an agency's construction of the statute which it administers, it is confronted with two questions. First, always, is the question whether Congress has directly spoken to the precise question at issue. If the intent of Congress is clear, that is the end of the matter; for the court, as well as the agency, must give effect to the unambiguously expressed intent of Congress.").
