Secretary
Federal Trade Commission
Sixth and Pennsylvania, N.W.
Washington D.C.

Dear Secretary

I would like to take the opportunity to announce the formation of the Professional Wetcleaning Network. Since its formation on July 12, 1998, PWN is rapidly accruing members. We are a voluntary membership network dedicated to providing information and education in professional wetcleaning.

PWN plans to implement the following services:

A Training School

Field Service Wetcleaning Training Programs

A Database on Wetcleaning Information

A BI-Monthly Newsletter

A Website To provide Internet Access to PWN Information (www.tpwn.net)

Oversight of State and Federal Regulatory Efforts which Effect Wetcleaners

We would like to know what types of programs or outreach has the FTC planned for education the consumer? PWN would like to offer assistance in any way we can, in helping the FTC with any outreach or education programs. Please inform us how we can be any assistance.

The Professional Wetcleaning Network

Ann Hargrove
Executive Director
