**RESPONDENT'S MOTION FOR STAY OF
PROCEEDINGS PENDING ACTION BY
KENTUCKY TRANSPORTATION CABINET**

Respondent Kentucky Household Goods Carriers Association, Inc. ("Kentucky Association") hereby moves the Commission for an Order pursuant to Section 3.54(c) of the Commission's Rules of Practice, staying this proceeding pending the Commission's review of action by the Kentucky Transportation Cabinet with respect to Supplement No. 86 to Tariff KYDVR No. 5 on the following grounds: (1) since the time of entry of the Initial Decision in this proceeding, the Kentucky Transportation Cabinet ("KTC") has instituted procedures consistent with the statement of the law respecting State Action and intrastate motor carrier collective ratemaking contained in the Initial Decision and adopted by Complaint Counsel, notwithstanding the legal position of KTC and the

Kentucky Association that the conduct under review in this case satisfies the legal standard articulated by the Supreme Court in *Ticor* and *Midcal*; (2) KTC has suspended proposed intrastate collective rates contained in Supplement No. 86 and scheduled a hearing with regard to said rates for February 28, 2005; (3) Article VII of the Proposed Order contained in the Initial Decision provides that the Order would be effective pending a demonstration of "active supervision" by KTC, and such a demonstration is made by the within Motion; and (3) the interests of fairness and justice require that insofar as both KTC and the Kentucky Association have acted promptly to effect changes in order to comply with the wishes of Complaint Counsel and the erroneous standards described in the Initial Decision (without prejudice to the Kentucky Association's position on the merits in this proceeding) these Respondents be spared the hardship and exposure to future litigation expense which might result from the entry of an Order against their interests in this proceeding.

Docket No. 9309

DECLARATION OF DENNIS J. TOLSON

1 The undersigned has personal knowledge of the facts set forth in this Declaration, and if called as a witness, I could and would testify competently under oath to such facts.

2. I am the President of the Respondent Kentucky Household Goods Carriers Association, Inc., ("Kentucky Association") and have previously been a witness in this proceeding.

3. Since the entry of the Initial Decision in this proceeding on June 21, 2004, the Kentucky Transportation Cabinet has taken aggressive action and adopted a series of measures designed to effect compliance with the wishes of Complaint Counsel and the statements of law respecting intrastate motor carrier collective ratemaking contained in the Initial Decision.

4. On September 16, 2004, Ms. Sonia Sanders, Director of the KTC Motor Carrier Division, convened a public meeting at the offices of KTC in Frankfort, KY, to which all Members of the Kentucky Association were invited (the September 16th Meeting”). Present at the Meeting were Director Sanders, KTC Administrative Specialist William C. Debord (the KTC employee directly involved with the regulation of household goods carriers), KTC General Counsel Frank Miller, and KTC Deputy General Counsel Todd J. Shipp, Kentucky Association Counsel James C. McMahon, and approximately fifty (50) representatives of Kentucky Association Members including the undersigned.

5. The purpose of the September 16th Meeting (which was anticipated and referred to in the Kentucky Association’s Reply Appeal Brief filed with the Commission in this proceeding, and joined in by Respondent KTC) was to address changes being made in the KTC regulatory program to address the concerns voiced by Complaint Counsel and expressed by the Administrative Law Judge in the Initial Decision - - in the hopes of, among other things, bringing about the dismissal of this proceeding.

6. A copy of the KTC public Notice of the September 16th Meeting is attached as Exhibit “A.”

7. A copy of the KTC Agenda for the September 16th Meeting is attached as Exhibit “B.”

8. During the course of the September 16th Meeting, KTC officials announced a series of changes in current KTC Motor Carrier Division procedures relevant to the operations of household goods carriers (sometimes referred to herein as “Movers”) and intrastate collective ratemaking procedures affecting Movers’ Tariff rates.

These changes, which are described in a document entitled "Kentucky Household Goods Carriers Requirements," are a part of the Agenda for the September 16th Meeting which is attached as Exhibit "B." The requirements described by Director Sanders and Mr. Debord are as follows:

- (a) Commencing in 2005, Movers will be required to submit annual financial reports in a form to be determined by the Division;
- (b) Notice of a proposed tariff rate increase must be published in a newspaper of general circulation;
- (c) In the event of a protest to a proposed Tariff rate, a hearing will be held;
- (d) If there is no protest to a proposed Tariff rate, then a newly formed entity within KTC known as the "State Tariff Committee," whose proceedings and decisions will be fully documented based upon financial data and any other documentation submitted or requested by the "State Tariff Committee", will determine the reasonableness of the proposed Tariff rate;
- (e) If it is determined by the State Tariff Committee that a Proposed Tariff change is appropriate then a written finding will be prepared; and
- (f) If the proposed Tariff change is unjustified, the matter will be rejected with appropriate notice of the right to a hearing.

9. KTC distributed copies of various statutory and regulatory provisions pertaining to rates and tariffs which were discussed at the September 16th Meeting and are a part of Exhibit "B."

10. On August 30, 2004, KTC advised the Kentucky Association of the need for household goods carriers to comply with the requirements of Kentucky law and KTC

Regulations respecting, among other things, (a) notification to competing household goods carriers and publication in a newspaper of general circulation of proposed household goods tariff rate increases filed with KTC; and (b) the re-institution of a KTC requirement that compels household goods carriers to submit an annual financial report to KTC. Copies of the relevant KTC Regulations were included as part of the Notice; a copy of the Notice is attached as Exhibit "C."

11. On September 1, 2004, the Kentucky Association caused to be filed with KTC proposed Supplement No. 85 to KHGCA Tariff KYDVR No. 5 with an effective date of October 1, 2004. The proposed Supplement contained, among other things, proposed adjustments in the charges of several Movers for local hourly rates and, in some cases, for intrastate rates. The requests for adjusted rates were supported by justification included on a Form 4268 which included notations regarding increases in insurance costs, labor, equipment maintenance, and packing materials. A copy the Covering Letter & Justification which accompanied Supplement No. 85 is attached as Exhibit "D"; Supplement No. 85 is attached as Exhibit "E"; a copy of the Newspaper Advertisement of the proposed tariff filing in the *Louisville Courier-Journal* on September 24, 2004 is attached as Exhibit "F."

12. In due course, on September 7, 2004, KTC advised the Kentucky Association, and the Mover-participant in the Kentucky Association Tariff which was seeking a rate increase as part of the Supplement No. 85 filing, that it would be necessary for written justification to be submitted in support of the rate request. A copy of the KTC Letter demanding such rate justification is attached as Exhibit "G." When rate justification documentation was not filed with KTC as demanded, that portion of

Supplement No. 85 seeking the rate increase was suspended by Order of KTC on September 21, 2004, with notice that a hearing will be scheduled upon submission of the appropriate documentation. A copy of the KTC Order suspending the subject Tariff provision is attached as Exhibit "H."

13. Thereafter, the Tariff participant submitted justification in the nature of cost information and financial data, followed by an in-house audit by KTC. The justification is discussed in a letter constituting a "written decision" of the Director of KTC's Motor Carrier Division dated November 1, 2004, explaining the reasons why the suspension was revoked and the information upon which the decision is based. (Exhibit "I") A copy of the Kentucky Association Tariff Bulletin announcing effectiveness of the rate adjustment contained in Supplement No. 85 is attached as Exhibit "J."

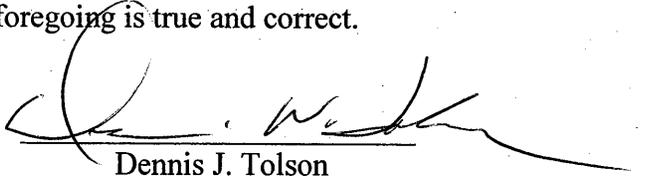

14. On October 4, 2004, KTC provided the Kentucky Association with information respecting the KTC Tariff Review Committee announced on September 16th including the identity of four (4) of its Members. (Exhibit "K")

15. On December 28, 2004, the Kentucky Association caused to be filed with KTC proposed Supplement No. 86 to KHGCA Tariff KYDVR No. 5 with an effective January 28, 2005. The proposed Supplement contains, among other things, a request to delete a fuel surcharge, a request to delete an insurance related revenue surcharge, and an additional 1% increase in Sections II and VI to offset increased fuel costs. A copy of the proposed Tariff Supplement is attached as Exhibit "L"; a copy of the Kentucky Association Letter of Justification submitted to KTC with Supplement No. 86 is attached as Exhibit "M."

16. On January 21, 2005, KTC notified the Kentucky Association that Supplement No. 86 has been suspended pending further justification, and that a hearing has been scheduled for February 28, 2005. A copy of the KTC Letter announcing the suspension and hearing is attached as Exhibit "N." It is in this posture that this matter will be heard by the full Commission.

I declare under penalty of perjury that the foregoing is true and correct.

Dear Mr. Lally:

The Department has received advanced notice that the Kentucky Household Goods Carriers Assoc. Inc plans on filing a tariff/rate change on or about September 1, 2004. Kentucky Revised Statutes and Administrative Regulations states, but not limited to, the following requirements pertaining to tariff filings:

In addition, similar notice shall be given to any shipper or interested party requesting same, and if the change in the rates and charges involves an increase, then he shall also, and at the same time, cause a notice to be printed in a newspaper of general circulation in the area of his situs, which shall give notice of the proposed increase, the old rates, and charges, the proposed new rates and charges, and which shall state that any interested party may protest said increase by filing a protest with the Transportation Cabinet in accordance with its rules and administrative regulations.

(d) Pursuant to this requirement every regular or irregular route common carrier truck operator or its tariff publishing agent shall maintain a list of shippers and interested parties. Any shipper or interested party desiring notice of rate changes of any carrier shall request such carrier or its tariff publishing agent to place its name upon the list. Thereafter such carrier will be required to furnish such shipper or interested party notice of any change in its rates. The cabinet may at any time designate and furnish to carriers or their tariff publishing agents a list of interested parties to be furnished notice of any change in any rate or charge, and the carriers or their tariff publishing agents shall give such interested party or parties the same notice which is required to be given to other interested parties set out herein.

Dear Bill:

Supplement # 85 to KHGCA Tariff, KYDVR # 5 has been prepared in final format with an effective date of October 1, 2004.

This supplement contains name changes of carriers, and deletion of carriers due to sale of certificates.

Several carriers have requested adjustments in their charges for local hourly rates, and in some cases, adjustments in intrastate rates. These requests for adjusted rates were supported by notations and comments on Form 4268 as to the need for adjusted rates, such as increases in insurance costs, labor, equipment maintenance and packing materials.

I would like to point out that there are requests for an exception to Item 185, fuel surcharge, that may need some attention. The exception on page 84-A, filed by Shadowens Moving/Storage, Inc., DVR 261, Brooks, KY., and on page 86-F for Lynn Moving & Storage, DVR 226, Brooks, KY. These carriers have requested an exception as to application of the 6% fuel surcharges as applied to local moving services. Said carriers wish to apply the fuel surcharge to the driving time charges only, not to the total charges for the local move.

Supplement # 85 contains no general rate increases. The adjustments in hourly and intrastate charges, as published in this supplement, were requested by individual carriers.

This letter, along with required copies of Supplement 85, is submitted to the Kentucky Transportation Cabinet for review and consideration for approval.

Very truly yours,

A. F. Mirus, Chairman
Tariff Committee, KHGCA

Re: Tariff Suspension- KYDVR #5 Supplement #85

Dear Sir:

Please be advised that this office has reviewed the tariff changes set forth in Supplement #85 to become effective October 1, 2004. All tariff provision with the exception of those relating to rates for the account of Larry's movers is hereby approved as filed.

The proposed changes outlined in page 86-B and 86-C of KYDVR #5 as published by the Kentucky Household Goods Carriers Association, Inc. for the account of Larry's Movers are hereby suspended in accordance with KRS 281.690. The suspension shall be for a period not to exceed 180 days. The reason for the suspension is that the information submitted was not sufficient to justify the proposed increase.

It is requested that Larry's Movers submit additional information. If this additional information can justify the increase; the suspension will be lifted and a formal hearing will not be required. If you or other interested parties have any questions, please contact me.

Sincerely

Dear Mr. Mosely:

On September 7, 2004 this office notified you by letter that the tariff changes your company had requested in Supplement #85 to Kentucky Household Goods Tariff Assoc. Tariff KYDVR#5 did not have sufficient justification. Your office submitted partial justification prior to the proposed effected date, but this office did not receive the data in time to conduct an in-depth review.

On September 21, 2004 this office suspended those pages (pages 86-B and 86-C) pertaining to your company. Per our request you submitted additional costs information and financial data; and on September 28, 2004 personnel from this office visited your office and conducted an in-house audit and review of your justification. This justification included labor costs increases, and other operating increases. Your office further explained the proposed intent to increase you "flat" rate charges to be more in line with the hourly rate option that had not been included in a prior publication.

Based upon this review and further examination by this office the proposed rate increase appears to be just and reasonable and non-discriminatory. For this reason the suspension outlined in this Division's September 21, 2004 letter is hereby revoked and the increase contained in Supplement #85 to KHGCA, Inc. Tariff # 5 for your company's account is hereby approved.

Your voluntary submission of the additional cost justification and information is appreciated. If you have any questions please feel free to contact this office.

Yours truly,

Sonia Sanders

KENTUCKY HOUSEHOLD GOODS CARRIERS ASSOCIATION, INC.

December 28, 2004

Mr. William Debord

Division of Motor Carriers

RE: Special Supplement No. 86 of KYDVR #5

Dear Mr. Debord:

The Kentucky Household Goods Carriers Association, Inc. hereby submit for your consideration the attached Special Supplement No. 86. To summarize, this supplement contain the following request:

1. Delete Item 185, Fuel Surcharge
2. Delete Item 188, Insurance Related Revenue surcharge
3. Roll-in above surcharges (6% fuel plus 4% I.R.R.) into the rates contained in Section II and VI for a net 10% increase. These surcharges will no longer apply to local moves. We will allow our members to adjust their local rate schedules to offset this charge, if they so choose.
4. Request an additional 1% increase in Sections II and VI to offset the increase in the fuel costs since the June 15, 2004 approval of 6%. I have included a copy of the December 14, 2004 U.S. Department of Energy Gasoline and Diesel Fuel Update which reflects the national U.S. average price of diesel fuel reported by this federal agency.

DOE Survey Date

DOE Reported Price

06-04-04
12-06-04

173.4 cents per gallon
206.9 cents per gallon

We feel that the 33.5 cents per gallon increase in diesel fuel, which has taken place since the 6/15/04 fuel surcharge of 6% was approved, is ample justification for the requested 1% increase for transportation rates currently shown in Sections II and VI.

The deletion and subsequent roll-in of Items 185 and 188 will allow for a more simplified method of apply charges for intra-state moving services. This also eliminates the "temporary surcharges" from the tariff. This also provides a benefit to the consumer as well as to the KTC being able to efficiently ensure tariff compliance.

EXHIBIT "M"

This letter of justification, along with required copies of Supplement #86, is submitted to the Division of Motor Carriers, Kentucky Transportation Cabinet, Frankfort, Kentucky for review and consideration for approval.

We appreciate your interest and consideration of these requests and await your response.

Sincerely,

A. F. Mirus
