# 7 Herb Formula battles cancer

*Tracey was given no hope!*

**T**he doctors had pretty much given up on Tracey. She had leukemia and tumors on the brain, behind the heart and on her liver.

The allopathic methods of dealing with the advanced cancer would be more chemotherapy. She had gone the chemo and radiation route just months before and knew her weakened body could not endure another round of chemo.

The doctor tried to pressure Tracey into taking chemo and she refused, angering the doctor. Her rejection of his chemo protocol led to a heated argument in his office and Tracey decided to take control of her own recovery.

A woman that Tracey had befriended while in the hospital accepted the chemo treatment and the unfortunate result was that her friend died.

This is Tracey's story in her own words as told in 1997:

"I had contracted leukemia and had three inoperable tumors. When I decided not to do chemotherapy or radiation, my father sent me Bio\*Mixx and 7 Herb Formula. Each day as I took it and got it into my system more and more, the better I felt. Then I

added Garlic Pur, Siberian Ginseng and BioShark."

"I am now in complete remission. The cancer cell count has dropped, the doctors tell me. I had a tumor just above the brain stem in my brain that has completely disappeared. The tumor on my liver is shrinking and the tumor behind my heart has shrunk over 50%. My weight, which dropped to 103 pounds, is on an uphill. There are other alternatives besides chemo and radiation!"

Tracey's father recently called the radio show. He said Tracey had a problem. Tricia Feijo said her heart skipped a beat when she heard Tracey's father. That concern soon evaporated.

"Yeah, Tracey can't keep her feet on the ground these days," he said, then revealed that the young woman's new doctor had declared her free of cancer.

Below you will find the reports of Tracey's progress and what she did as an alternative to the chemotherapy.

## The Power of Advanced Biomolecular Nutrition

**B**io-molecular nutrition was first established in 1986 by Daniel Chapter One and has expanded and improved since then. In 1991, the results and accomplishments of Daniel Chapter One reached China and Jim Feijo, founder of Daniel Chapter One and World Sports Nutrition, was invited by the Chinese government to conduct studies at the Beijing Research Institute of Sports Science. Jim led Chinese researchers in two studies involving world-class Chinese athletes, judo and weight lifting. After the conclusion of these studies, Dr. Li invited Jim to lecture to the institute's scientists.

At that time, Jim Feijo was invited to conduct studies and lecture at the Sports Research Center in Moscow. The science of Bio-Molecular nutrition is available to you through the research done by Daniel Chapter One and World Sports Nutrition.

Pure skeletal tissue of sharks which provides a protein that inhibits angiogenesis - the formation of new blood vessels. This can stop tumor growth, and halt the progression of eye diseases such as diabetic retinopathy and macular degeneration. Should not be used by pregnant women, or immediately after heart surgery. Shark cartilage may also reduce the pain, inflammation, and joint stiffness of arthritis, alleviate inflammatory bowel disease, and reverse psoriasis. Shark cartilage is an excellent source of Calcium, Phosphorus, amino acids, and a family of carbohydrates called mucopolysaccharides (sulfated Oligosaccharides and Chondroitin Sulfates A and C).

In summary, Bio\*Shark works to reduce inflammation and swelling, affects the formation of new blood vessels and provides essential nutrients for healing.

Warning: If you are pregnant, nursing a baby, recovering from recent surgery, or have a heart or circulatory condition, consult a health professional before using shark cartilage !
