RE: Business Opportunity Rule, R511993

Dear Sir or Madam:

I am writing this letter because I am concerned about the proposed Business Opportunity Rule R511993. I believe that in its presented form, it could prevent me from continuing as a distributor for Xango or any other company I may choose to align myself with in the future. This could destroy my small business.

I have been an distributor for Xango for 18 months and I look forward to my ability to continue on in business without excessive government interference.

Originally, I started my Network Marketing because of the products I loved them and wanted to earn some additional money. Now my family depends on this extra income to supplement our budget. Please don't destroy my small business we need it!

Some of the sections in the proposed rule would make it hard or almost impossible for me to sell Xango.

This waiting period will give the public the idea that there's something wrong with me or our plan and also reflects badly on me. I also think this seven-day waiting period is unnecessary, because Xango already has a 90% buyback policy for all products including sales kits purchased by a salesperson.

One of the most difficult sections of the proposed rule is the seven-day waiting period to enroll a new distributor for Xango. What is the purpose of slowing a person's growth? The sales kit only costs \$35.00. People buy TVs, cars, and other items that cost much more than that and they don't have to wait seven-days. Under this waiting period requirement, I will need to keep very detailed records when I first speak to someone a prospect and will then have to send in reports to my company. I am a small home business and this burden hurts or destroys my business. This proposed rule is bad and ill advised.

Finally, the proposed rule requires the disclosure of a minimum of 10 prior purchasers nearest to the prospective purchaser. I am glad to provide references, but in this day of identity theft, I am very uncomfortable giving out the personal information of individuals (without their approval) to strangers. Women in my organization may be subject to sexual or racial harassment so this part can't go in at all, unless the FTC passes an addition to this rule Prohibiting sexual or racial attacks related to this disclosure. In the end the rule must bind the FTC to take direct enforcement action on sexual and racial attacks with a special unit assigned to monitor actions related to the disclosure forms. Are you able and willing to enforce your rules to protect our distributors?

I have seen many scams on the Internet and been approached by many crooks because of my success. This rule will do nothing to stop them. They hurt my business! This rule will not stop Crooks – they violate the current rule all the time. But I am a good American citizen and it will hurt me. Thank you and please help me.

Sincerely,

Patrick Christensen
