RE: Business Opportunity Rule, R511993

Dear Sir or Madam:

I am writing this letter because I am concerned about the proposed Business Opportunity Rule R511993. I believe that in its presented form, it could prevent me from continuing as an Independent Distributor for XanGo.

I have a full time job with a Healthcare firm and have worked very hard part time building my XanGo business as an Independent Distributor for more than 13 months. As my business with XanGo continues to grow I plan to leave my full time job and work my home business full time. My husband and I will be able to depend on my income from XanGo as we grow older and fund our retirement.

I love my XanGo product and many of the people I've brought into the business depend on this extra income to supplement their budgets. Please don't destroy my small business we need it!

Some of the sections in the proposed rule would make it hard or almost impossible for me to sell my XanGo product and bless others with my business.

This waiting period will give the public the idea that there's something wrong with me or our plan and also reflects badly on me. I also think this seven-day waiting period is unnecessary, because XanGo already has a 90% buyback policy for all products including sales kits purchased by a salesperson.

One of the most difficult sections of the proposed rule is the seven day waiting period to enroll a new distributor with XanGo. People are very eager to start on the product and build their own business.

XanGo sales kit only costs \$35. People buy TVs, cars, and other items that cost much more than that and they don't have to wait seven-days. Under this waiting period requirement, I will need to keep very detailed records when I first speak to someone as a prospect and will then have to send in reports to my company. I am a small home business and this burden could destroy my business.

Finally, the proposed rule requires the disclosure of a minimum of 10 prior purchasers nearest to the prospective purchaser. I am glad to provide

references, but in this day of identity theft, I am very uncomfortable giving out the personal information of individuals (without their approval) to strangers. Women in my organization may be subject to sexual or racial harassment so this part can't go in at all, unless the FTC passes an addition to this rule

Prohibit sexual or racial attacks related to this disclosure. In the end the rule must bind the FTC to take direct enforcement action on sexual and racial attacks with a special unit assigned to monitor actions related to the disclosure forms.

I have seen many scams on the Internet and been approached by many crooks because of my success. This rule will do nothing to stop them. They hurt my business! This rule will not stop Crooks – they violate the current rule all the time. But I am a good American citizen and it will hurt me. Thank you and please help me.

Please let me continue my home business and bless others with XanGo without the proposed Business Opportunity Rule R511993.

Sincerely,

Karol K. Tothill

XanGo Independent Distributor
