

I am writing this letter because I am concerned about the proposed Business Opportunity Rule R511993. I believe that in its presented form, it could prevent me from continuing as a distributor and put an end to my small business opportunity and family.

I have been in network marketing for over 20 years and believe we need this for products that fit the mold of direct selling. I use all products I have sold and have built a good business for my family.

Some of the sections in the proposed rule would make it hard or almost impossible for me to sell my This waiting period will give the public the idea that there's something wrong with me or our plan and also reflects badly on me. I also think this seven-day waiting period is unnecessary, because our company already has a 90% buyback policy for all products including sales kits purchased by a salesperson.

One of the most difficult sections of the proposed rule is the seven day waiting period to enroll a new **distributor,,,not right.**

Forevergreen sales kits only costs \$39.00. People buy TVs, cars, and other items that cost much more than that and they don't have to wait seven-days. Under this waiting period requirement, I will need to keep very detailed records when I first speak to someone a prospect and will then have to send in reports to my company. I am a small home business and this burden hurt or destroy my business. This proposed rule is bad

Finally, the proposed rule requires the disclosure of a minimum of 10 prior purchasers nearest to the prospective purchaser. I am glad to provide references, but in this day of identity theft, I am very uncomfortable giving out the personal information of individuals (without their approval) to strangers. Women in my organization may be subject to sexual or racial harassment so this part can't go in at all, unless the FTC passes an addition to this rule Prohibiting sexual or racial attacks related to this disclosure. In the end the rule must bind the FTC to take direct enforcement action on sexual and racial attacks with a special unit assigned to monitor actions related to the disclosure forms.

I have seen many scams on the Internet and been approached by many crooks because of my success. This rule will do nothing to stop them. They hurt my business! This rule will not stop Crooks – they

violate the current rule all the time. But I am a good American citizen and it will hurt me. Thank you and please help me.

Much of this letter I copied from our DRA group that fights for our rights. I endorse this letter 100%.

Sincerely,

Michael Robinson
