Re: Opposition to Business Opportunity Rule, R511993

Dear Sir or Madam:

We are writing this letter to express our strong opposition to the proposed Business Opportunity Rule R511993.

We understand that it is the responsibility of the Federal Trade Commission to protect the public from "unfair and deceptive acts or practices," but the rule as proposed would make it difficult and adversely affect the way we operate our business as Shaklee Independent Distributors.

We have been Shaklee Distributors since 1982 and as senior citizens we depend on this extra income to continue to use the products we have enjoyed all these years. This proposal would put us out of business.

While we appreciate the work of the FCC to protect consumers, we believe this proposed new rule has many unintended consequences for direct sellers and that there are less burdensome alternatives available to the agency to achieve its goals.

Thank you for your consideration in this matter.

Sincerely,
[REDACTED]

Roland & Eileen Douglas
