RE: Business Opportunity Rule, R511993

Dear Sir or Madam:

I am writing this letter because I am concerned about the proposed Business Opportunity Rule R511993. Thank you for all you do for our country. I am a Young Living distributor and have enjoyed the ease of signing up and the ease of having others sign up which has improved my health and well being and the health and well being of others who sign up. This business has also helped me financially.. With the fear of the bird flu and the inability of antibiotics to work on some strains of bacteria, I am assured that I have the tools through the use of these therapeutic grade essential oils the keep me and my family healthy. Please help us and those we help to be able to continue in our business as we have been able to do in the past. Thanks for all you can do in this regard.

Sincerely,
