Re: Business Opportunity Rule R511993

Dear Sir or Madam:

I myself, am not a member of a multi-leveled marketing company, but have done work with and for a variety of such businesses. I can appreciate what is trying to be attempted with the proposed "Rule", but fear that the hermeneutics of the situation is fleeting the proposed solution. I never write these types of things, but I do wish to voice my disapproval of Business Opportunity Rule R511993. And I do hope that the next resolution to fix any possible fraud within the market is more critically analyzed. I respect the FTC and will continue to do so, but this is not the way to do it. I'm sure there will be a lot of these letters, and I'm sure you will probably hear all the arguments again and again, so I will spare the paper and both of our times. Short, sweet, and to the point.

Thank you,

Ryan C. Daley

P.S. This means a "NO" on Business Opportunity Rule R511993
