Commissioners,

Re: CAN-SPAM Act Rulemaking, Project No. R411008.

Suppression Lists.

Is there anyone on the board who conducts business on the internet as an affiliate? If not, I would suggest finding some top-rated Popular American Internet business men that are conducting fair practice on the internet, and heeding their suggestions! Why? That would be like a stranger coming into my business and, with no experience, try to make policy on how to run it. It wouldn't make sense. Let's face it. One thing we don't want to do is **hurt the legitimate business's or the consumer's who are** conducting business.

The spam act '**suppression lists**' seems to have all the look and feel of a **disaster**. Please use your intelligence when acting upon this and consider using the **intelligence of people who are involved in this kind of business**.

Merchants and consumers both, will be damaged by the '**suppression lists**'.

Thank you,
Ed Townsend
