To Whom It May Concern:

I think that it is a good idea to put an opt-out box on insurance and credit card solicitations in accordance with FACTA Prescreen Rule Project No. R411010. I think this because there should be laws on how many solicitations one can get in the mail. Also, people sometimes throw out bills or other things that are important, mistaking them for a solicitation or "junk mail". If there is a law to stop getting these unwanted solicitations, people will stop throwing out important mail because they will know that it's not junk mail.

Sincerely,
