The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Analysis of Agreement Containing Consent Order To Aid Public Comment

The Federal Trade Commission ("Commission") has accepted, subject to final approval, an agreement containing a proposed consent order with Anesthesia Service Medical Group, Inc. ("ASMG" or "Respondent"). The agreement settles charges that Respondent violated section 5 of the Federal Trade Commission Act, 15 U.S.C. 45, by facilitating and implementing agreements with Grossmont Anesthesia Services Medical Group, Inc. ("GAS") on fees, quantity of anesthesia services provided, and other competitively significant terms. The proposed consent order has been placed on the public record for 30 days to receive comments from interested persons. Comments received during this period will become part of the public record. After 30 days, the Commission will review the agreement and the comments received, and will decide whether it should withdraw from the agreement or make the proposed order final.

The purpose of this analysis is to facilitate public comment on the proposed order. The analysis is not intended to constitute an official interpretation of the agreement and proposed order, or to modify their terms in any way. Further, the proposed consent order has been entered into for settlement purposes only and does not constitute an admission by any Respondent that said Respondent violated the law or that the facts alleged in the complaint (other than jurisdictional facts) are true.

The Complaint Allegations

ASMG and GAS are competing anesthesiology groups that provide anesthesia services for a fee to patients in San Diego County, California. ASMG employs approximately 180 anesthesiologists. GAS is composed of approximately 10 anesthesiologists. ASMG and GAS anesthesiologists are
