Subject: 4(c) documents

Nancy, if you have a document only a portion of which is a 4(c) document, do you need to include the whole thing or can you just include the 4(c) piece? I have a board package that covered 5 topics, only one of which related to the transaction. I would prefer not to include the other parts if I don't have to do so.

Much thanks.

Only those portions for which privilege is claimed can be withheld. PNO has made one exception for Board Minutes. In that case, only the portion related to the transaction need be provided. This is not the case here. In the instant transaction, the document involves a powerpoint presentation where several topics are discussed. I advised writer that the entire presentation must be submitted. NMO
