Mike:

A relatively quick question:

At the following link, I found this informal interpretation regarding whether a real estate appraisal might be a 4(c) document:

<http://www.ftc.gov/bc/hsr/informal/opinions/8512008.htm>

I think that the "bottom line" in the interpretation is that a real estate appraisal might be a 4(c) document (depending on its meeting the normal 4(c) criteria), and the fact that it's an appraisal (that fact, in and of itself) doesn't affect the analysis. Can you please let me know if that's generally correct?

Thanks in advance, Mike.

IT COULD BE 4(c)
