Subject: Question re US sales

Hi Mike --

I have a question regarding US sales for an 802.51 analysis.

Target is an overseas company with a controlled US subsidiary. The US subsidiary makes sales both in the US and to customers outside the US. I believe that only those sales to customers inside the US would count as US sales for 802.51 purposes. Seems to me the sales to customers outside the US would be non-US sales, but please let me know if I am incorrect.

Thanks very much,
