Subject: Logistical Question

Hi Mike. Sorry to bother you with minutia, but I have a question about the new ability to include internet links for 4a and b documents. If I am linking to the EDGAR database or to a company's website, can I link to the list of all of the company's SEC filings or do I need to provide a separate link and reference for each responsive SEC filing?

Thanks,

[REDACTED]

SEPERATE LINKS FOR EACH
SEC FILING.
