

practices in violation of Section 5(a) of the FTC Act.

The proposed consent order contains provisions designed to prevent respondent from engaging in similar acts and practices in the future. Consistent with the FTC's Enforcement Policy Statement on U.S. Origin Claims, Part I prohibits iSpring from making U.S.-origin claims for its products unless either: (1) The final assembly or processing of the product occurs in the United States, all significant processing that goes into the product occurs in the United States, and all or virtually all ingredients or components of the product are made and sourced in the United States; or (2) a clear and conspicuous qualification appears immediately adjacent to the representation that accurately conveys the extent to which the product contains foreign parts, ingredients, and/or processing.

Part II prohibits respondent from making any "Made in the USA" or other country-of-origin claim about a product or service unless the claim is true, not misleading, and respondent has a reasonable basis substantiating the representation.

Parts III through VI are reporting and compliance provisions. Part III requires respondent to acknowledge receipt of the order, to provide a copy of the order to certain current and future principals, officers, directors, and employees, and to obtain an acknowledgement from each such person that they have received a copy of the order. Part IV requires the filing of compliance reports within one year after the order becomes final and within 14 days of any change in respondent that would affect compliance with the order. Part V requires respondent to maintain certain records, including records necessary to demonstrate compliance with the order. Part VI requires respondent to submit additional compliance reports when requested by the Commission and to permit the Commission or its representatives to interview respondent's personnel.

Finally, Part VII is a "sunset" provision, terminating the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to aid public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed order or to modify its terms in any way.

By direction of the Commission.

Donald S. Clark,
Secretary.

Analysis To Aid Public Comment

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, this document provides public notice that the FTC is proposing to adopt a new "routine use" to the agency's Privacy Act System of Records Notice ("SORN") on Freedom of Information Act ("FOIA") Requests and Appeals, FTC-V-1.² This routine use will authorize the FTC to disclose FOIA request and appeal records covered by FTC-V-1 to the Office of Government Information Services ("OGIS"), in order for OGIS to assist requesters in the processing and resolution of their requests and appeals.

The OPEN Government Act of 2007 amended the Freedom of Information Act and created OGIS within the National Archives and Records Administration ("NARA"). The 2007 FOIA amendments require OGIS to review agency FOIA policies, procedures, and compliance, and to offer mediation services to resolve disputes between FOIA requesters and agencies. See 5 U.S.C. 552(h).

In order for OGIS to fulfill its statutory responsibilities, it requires access to FOIA request files originated and maintained by federal agencies including the FTC. However, because the FOIA request and appeal records covered by FTC-V-1 are governed by the Privacy Act of 1974, their disclosure normally requires the prior written consent of the individual to whom the records pertain (including, for example, an individual filing a FOIA request),

unless the agency has published a routine use authorizing disclosure.

The Privacy Act authorizes the agency to adopt routine uses that are consistent with the purpose for which information is collected. 5 U.S.C. 552a(b)(3); see also 5 U.S.C. 552a(a)(7). The FTC believes that it is consistent with the purposes for which the FOIA request and appeal records covered by FTC-V-1 are collected to disclose such records routinely to OGIS to help OGIS mediate between individual FOIA requesters and agencies and ensure compliance with the FOIA statute. If agencies do not establish a "routine use" to provide for this proposed disclosure, OGIS would have to obtain the written consent of the individual FOIA requesters in order to obtain the access it requires to assist that requester. Simplifying the procedure for exchanging information would increase the efficiency of the FOIA administrative process. FTC staff understands that obtaining such consent has proven more complicated in some circumstances, e.g., when an agency, rather than the individual FOIA requester, seeks OGIS's assistance to mediate between the agency and the individual FOIA requester. Accordingly, the Commission concludes that it is authorized under the Privacy Act to adopt a routine use permitting disclosure of Privacy Act records for such purposes.

In accordance with the Privacy Act, see 5 U.S.C. 552a(e)(4) and (11), the FTC is publishing notice of this routine use and giving the public a 30-day period to comment before adopting it as final. The FTC has provided advance notice of this proposed system notice amendment to OMB and the Congress, as required by the Act, 5 U.S.C. 552a(r), and OMB Circular A-108 (2016). The text of the proposed routine use is taken from the routine use that has already been published in final form by the Department of Justice after public comment. See 77 FR 26580 (May 4, 2012). Accordingly, as set forth below, the Commission proposes a new routine use to become effective on the date noted earlier, unless the Commission amends or revokes the routine use on the basis of any comments received.

In light of the updated SORN template set forth in the newly revised OMB Circular A-108, the FTC is reprinting the text of the entire SORN, including the proposed new routine use, for the public's benefit, to read as follows:
