

In addition, each of the draft final forms has been revised to remove information that is no longer relevant. For example, the draft final FR 2070 would no longer require a description of goodwill amortization and purchase discount accretion schedules because of accounting rule changes; the draft final FR 2081a would no longer require a description of current book value per share because that information can be calculated using other available information; and the draft final FR 2081c would remove the requirement to provide a fax number.

The comment period for this notice expired on December 1, 2017. The Board did not receive any comments. The revisions will be implemented as proposed.

#### Consultation With the Federal Deposit Insurance Corporation (FDIC) and Office of the Comptroller of the Currency (OCC)

Representatives from the Board worked together with representatives from the FDIC and OCC to draft revisions to the Interagency Notice of

Change in Control, Interagency Notice of Change in Director or Senior Executive Officer, Interagency Biographical and Financial Report, Interagency Bank Merger Act because each of the agencies uses the forms for information collection. The agencies collaborated to determine whether the forms should be modified. They reviewed the forms in consideration of current law and applications processing procedures and practices.

Board of Governors of the Federal Reserve System, March 12, 2018.
