Please file two separate forms, and explain in each how they are related (and why only one fee is being paid).

Good morning, a quick procedural question. For a filing with joint natural person UPEs where there will be 1 fee and the forms will be identical due to the filing being made by an entity within the UPEs, would you like two A side forms and two Kiteworks submissions or can we just do one form and affidavit?

Thanks in advance.
