**Michael Hewitt (Trainer)**

**MICHAEL HEWITT'S MOTION for STAY OF ENFORCEMENT**

In combination with the appeal filed contemporaneously, pursuant to 15 U.S.C. 3058(d), Trainer Michael Hewitt requests a stay of the order entered October 4, 2024, in HIWU case number ECM-2024-139.

1. Adverse order was entered 10-2-24 (Wednesday) and served electronically to counsel and Mr. Hewitt. The order is silent as to appeal and/or stay rights. The order is silent as to when the 15 day suspension would begin; [Attached Exh. 1]
2. HIWU's notice to FTC issued 10-4-24 was served electronically to counsel and Mr. Hewitt on 10-4-24 (Friday) at 2:58 pm CST. The notice states the suspension will begin Monday 10-7-24. It further gives limited notice of appeal and stay rights; Exh. 1
3. Counsel and Mr. Hewitt were aware of the 10-2-24 (Wednesday) order the day it was entered. However, counsel and Mr. Hewitt *were unaware of the 10-4-24 (Friday) notice until today, 10-8-24 (Tuesday)*. Thus, until this

morning, counsel and Mr. Hewitt were unaware the suspension was set to begin yesterday, 10-7-24;

4. Mr. Hewitt rarely checks e-mail. Counsel checks e-mail every day when in the office. On Friday 10-4-24 and Monday 10-7-24 counsel was out of the office attending work obligations. Counsel was not aware of the 10-4-24 notice until today 10-8-24 (Tuesday) when I opened the e-mail from Mr. Forgy dated last Friday, 10-4-24;
5. Mr. Hewitt is entitled to a stay. He intends to appeal within the lawful time frame allowed (approximately November 1, 2024) and has hired counsel for that purpose;
6. Mr. Hewitt is likely to prevail on the appeal. The order demonstrates conclusively that HIWU failed to give Mr. Hewitt written notice under circumstances where the rules specifically require written notice. HIWU's defense was that it gave verbal notice and that the verbal notice was sufficient under the rules. Mr. Hewitt denied receiving verbal notice and testified he could not recall the HIWU prosecutor telling him, in advance, about the time of opening of the B sample. Despite the rules requiring written notice, the Arbitrator's findings suggest a fact determination that Mr. Hewitt received actual verbal notice; and *that verbal notice alone was sufficient*. Mr. Hewitt challenges these findings on the hearing record evidence;

7. Had counsel opened the 10-4-24 email (2:58 p.m. CST), which was not possible, there would have only been a few hours left on Friday afternoon for counsel to draft and file a meaningful Motion for Stay (this instrument) on Mr. Hewitt's behalf. Otherwise, the suspension would begin on Monday without Mr. Hewitt having been provided a reasonable opportunity to request a stay. This is what ultimately occurred;
8. The 10-2-24 and 10-4-24 instruments have never been served on counsel or Mr. Hewitt via U.S. mail, other courier, or personal service;
9. This is a time sensitive matter. The suspension period is 15 days beginning yesterday. As can be inferred, the fact that time sensitive situation has arisen concerning a licensing matter was not created by Mr. Hewitt's doings;
10. Mr. Hewitt has served two days already. As a result of being unaware of when the suspension would begin, Trainer was denied Entry today at Remington Park in Oklahoma. Trainer will continue to be denied Entry unless a stay is entered. Without a stay being entered, Trainer cannot exercise use and enjoyment of his license during the pendency of his upcoming appeal (filing deadline approximately November 1, 2024).

WHEREFORE, premises considered, Trainer Michael Hewitt prays this Motion for Stay be granted and the 10-2-24 order stayed pending appeal.

Michael Hewitt

*[Insert Name of Covered Person]*

**AMENDED FINAL RULING OF INTERNAL ADJUDICATION PANEL**

**Section One – Parties**

Date of Hearing: 9/17/24 (hearing waived, check here)

Date of Decision: 10/2/24

HIWU Counsel: Christy Heath, Esq.

Covered Person: Michael Hewitt

Counsel/Representative of Covered Person: John Mac Hayes, Esq.

Any Third Parties: N/A

**Section Two - Charges**

The Covered Person is charged with violating the following Series 3000 Equine Anti-Doping and Medication Control (ADMC) Program Rules (“Protocol”):

Rule 3312, Presence of a Controlled Medication Substance and/or its Metabolites or Markers (Capsaicin).

### Section Three – Burdens of Proof and Evidence

A. Pursuant to ADMC Program Rule 3121 (Protocol), HIWU has established the following evidence, set forth in detail below, to the comfortable satisfaction of the hearing panel:

Covered Person Michael Hewitt was the Trainer of Shack's Way, which ran and placed first in Race 9 at Oaklawn Park in Hot Springs, Arkansas on April 7, 2024 ("Race 9"). Following Race 9, HIWU Sample Collection Personnel collected a blood sample from Shack's Way, which was submitted to the Industrial Laboratories Lab in Denver, Colorado ("Industrial") for analysis. Industrial detected Capsaicin, a Class B Controlled Medication Substance. On April 24, 2024, HIWU served Hewitt with a Notice of Alleged Controlled Medication Violation ("ECM Notice") related to Shack's Way's A Sample. On April 29, 2024, Trainer Hewitt requested analysis of Shack's Way's B Sample, which was analyzed by the Pennsylvania Equine Toxicology and Research Laboratory ("PETRL") in West Chester, Pennsylvania. On June 4, 2024, PETRL confirmed the presence of Capsaicin in Shack's Way's B Sample.

Although the Covered Person did not provide a written explanation in response to the charge and did not provide a written submission on the timetable set by the Panel (his written submission was due on August 16, 2024), the Covered Person, in his opposition to a motion for default filed by HIWU, stated that he did not receive written notice of the opening of the B Sample, as required by the Rules and that he would have attended the opening of the B sample if he had received such notice. The Covered Person testified that his intention was to "fight" this charge with an \$18,000 purse at stake. On the basis of HIWU's failure to provide written notice of the opening of the B Sample, Trainer Hewitt argues that he is entitled to dismissal of the instant charge.

As set forth in Section Three B below, the Covered Person showed that HIWU's written notice to the Covered Person did not include the date, time and place where the B Sample was to be analyzed as required by Rule 3345(a)(4)(iii). In response, HIWU argued that while it did not provide written notice of the date, time and place of the B Sample analysis, HIWU had multiple communications (counsel represented there were numerous telephone calls and texts with the Covered Person and provided the necessary information in the Covered Person's preferred form of communication). HIWU counsel asked the Covered Person on cross-examination if he told her that he did need to attend the opening of the Sample to which he replied that he did not remember. HIWU argued that any defect "shall not in any event invalidate the ECM notice or affect the application of the provisions of the Protocol (including the Disqualification Provision) in relation to that violation." See Rule 3345(c). HIWU also argued that the Covered Person did not meet his burden of showing a probability that not attending or having the opportunity to attend the B Sample analysis in Pennsylvania caused the finding of a positive test. HIWU argued that attending to the opening of the B Sample would not have enabled the Covered Person to observe any possible failure in PETRL's protocol. While the evidence showed that HIWU failed to follow the Rule requiring written notice of the date, time and place of the opening of the B Sample, the Rules do not provide for a dismissal of the instant charge. Further, HIWU established to a comfortable satisfaction that its technical violation was not intentional -- there were numerous communications between counsel for HIWU and the Covered Person, with multiple cases pending simultaneously against him. Also, while it is possible that not having notice of where and when the B Sample would be analyzed deprived him of the opportunity to attend, the error was probably harmless as it was not likely the Covered Person would have traveled to Pennsylvania even if he had received written notice. There were other charges filed against the Covered Person at around the same time. The analysis with respect to the instant charge was conducted first with a confirmation of Capsaicin in Shack's Way's B Sample on June 4, 2024, which is before the other two samples were analyzed -- Covered Person's horses Bogeyman (June 17, 2024) and Easy Big Boy (June 26, 2024) where the analysis of those samples revealed that no Controlled Medication Violation could be confirmed. On balance, the evidence showed that it was not more likely than not that Covered Person would have traveled to Pennsylvania from Louisiana (where the Covered Person was on the day the B Sample of Shack's Way was opened) to witness the opening of the B Sample in this case.

B. Pursuant to ADMC Program Rule 3121 (Protocol), the Covered Person has established the following evidence, set forth in detail below, by a balance of probability:

The Covered Person established that he was not given written notice of the opening of the B Sample to which he was entitled to under Rule 3345 and which constitutes a Notice Defect. The Covered Person testified that if he had received the written notice of the date, time and place of the B Sample analysis he would have traveled to Pennsylvania to witness it because he recently had been exonerated by the analysis of two previous B Samples which raised his suspicions and provided an incentive to witness the B Sample analysis with respect to Shack's Way's sample. However, that argument and assertion were not credible given that Shack's Way's B Sample analysis predated the negative findings in the other two cases which the Covered Person claims prompted his desire to attend in person the analysis of Shack's Way B Sample. Given the timing of the analysis of the samples, the Covered Person did not meet his burden to show that he was deprived an opportunity of which he probably would have availed himself and that probably would have changed the result of the analysis of the B Sample. Also, Rule 3345(c) provides as follows: Any defect in the ECM Notice (including a failure to identify the Covered Horses implicated in the alleged violation, if any) may be corrected by the Agency and shall not in any event invalidate the ECM Notice or affect the due application of the provisions of the Protocol (including the Disqualification provisions) in relation to that violation. HIWU Rule 3345 (c). Here, while HIWU cannot correct the defect in the failure to provide written notice since the B Sample has already been analyzed, Rule 3345(c) provides that the defect cannot be a basis, by itself, to invalidate the violation. Since the Covered Person has not shown it was more likely than not that he would have attended the B Sample analysis or that the results would have been different had he done so, the Panel is not able on this record to invalidate the violation. The Covered Person also argued that it is unfair to be held strictly liable for a violation and there is no corresponding consequence for HIWU for providing defective notice. HIWU's counsel represented that the mistake was unintentional and inadvertent. The Rules do not seem to provide a basis for the Panel to dismiss the violation on this record. Since the Covered Person has not presented any evidence to challenge the findings of Capsaicin in the A and B Samples, the Covered Person has not met his burden to show by a balance of probability that he did not commit the charged violation. (The discussion of Covered Person's evidence and arguments is further discussed in Section Three A above and is incorporated by reference).

#### Section Four – Violations Determined

Based on the applicable ADMC Program Rules (Protocol) listed above in Section Two, and based upon the established evidence as set forth in Section Three above, the hearing panel has determined that the Covered Person has violated the following ADMC Program Rules (Protocol):

3312(b) -- Presence of Capsaicin in Shack's Way's Sample, collected Post-Race of Race 9 at Oaklawn Park, Arkansas, on April 7, 2024.

#### Section Five – Finding of No Fault/Negligence or No Significant Fault/Negligence

Pursuant to ADMC Program Rules 3324 and 3325 (Protocol), a Covered Person is entitled to elimination or reduction of any period of Ineligibility if the hearing panel determines that the Covered Person has established that he or she bears No Fault or Negligence, or No Significant Fault or Negligence for the Violation(s). Based on the foregoing evidence, the IAP Member finds that the Covered Person  has  has not (*check one*) established that he or she bears **No Fault or Negligence**; or the Covered Person  has  has not (*check one*) established that he or she bears **No Significant Fault or Negligence** for the Violation(s). Where the Covered Person has established that he or she bears No Fault or Negligence or No Significant Fault or Negligence for the Violation(s), the following evidence supports this conclusion:

N/A

**Section Six – Elimination, reduction, or suspension of period of Ineligibility and/or other Consequences for reasons unrelated to degree of Fault**

Pursuant to ADMC Program Rule 3326(b) – (d) (Protocol), the Covered Person is entitled to elimination, reduction, or suspension of a period of Ineligibility and/or other Consequences if he or she has satisfied any of the following (*check all that apply*):

- Rule 3326(b): Voluntary Admission of a Controlled Medication Rule Violation in the absence of other evidence.
- Rule 3326(c): Application of multiple grounds for reduction of a sanction; where the Covered Person has established entitlement to a reduction or suspension of period of Ineligibility under two or more of Rules 3324, 3325, or 3326.
- Rule 3326(d): Reductions for certain Controlled Medication Rule Violations based on early admission and acceptance of sanction; where the Covered Person admits Violation(s) and accepts Consequence(s) within seven (7) days of receiving Charge Letter.

Based on the application of these Rules, the Covered Person is entitled to the following elimination, reduction, or suspension of a period of Ineligibility and/or other Consequences:

**Section Seven – Aggravating Circumstances**

HIWU has established the following aggravating circumstances to the comfortable satisfaction of the hearing panel (*write N/A if none*):

N/A

Based upon the Aggravating Circumstances, the Covered Person’s period of Ineligibility is increased by \_\_\_\_ months (up to 6 months), and an additional fine in the amount of \$ \_\_\_\_\_ is imposed (up to \$5,000.00 USD or 5% of the purse, whichever is greater).

**Section Eight - Consequences**

The following Consequences are imposed upon the Covered Person for each violation that has been established in this case:

- (1) Ineligibility period of 15 days for Trainer Hewitt;
- (2) a fine of \$1,000;
- (3) assignment of 2 penalty points;
- (4) Public Disclosure pursuant to ADMC Rule 3620;
- (5) Disqualification of Shack's Way's results obtained at Oaklawn Park in Hot Springs, Arkansas on April 7, 2024 and forfeiture of all purses, prizes, trophies, points, ranking, and repayment or surrender (as applicable) to the Race Organizer.

**Section Nine – Penalty Points**

The total penalty points issued against Covered Person as a result of this final decision are: 2.

The Covered Person has 1.5 prior penalty points, bringing his or her current total penalty points to 3.5.

Subject to ADMC Program Rule 3364 (Protocol), this decision is final and binding pursuant to ADMC Program Rule 3363 (Protocol).
